Never a Waste of Our Time

We look into the future and what do we see? ... dreams. We look into the past, and all we can do is remember. At this very moment we are all aware of the time going by.

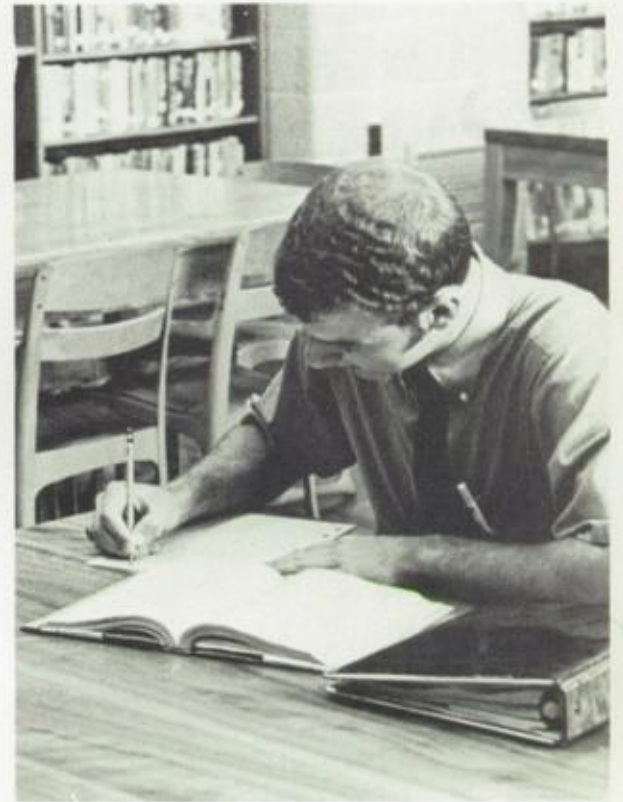

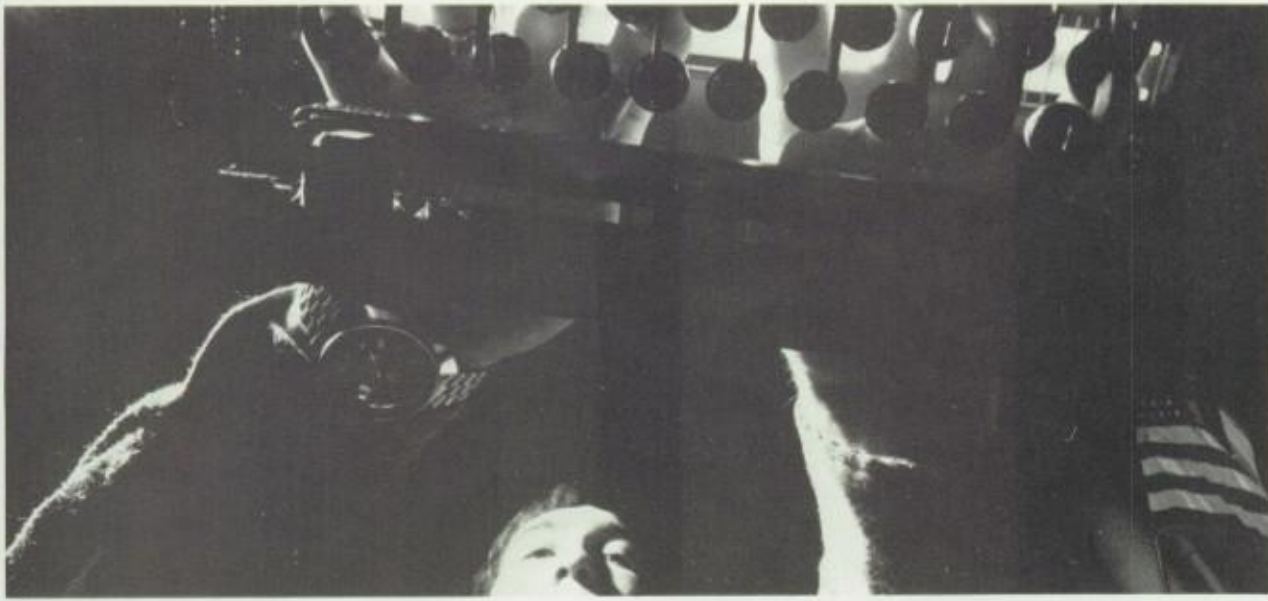

In this book we will try to present the things that happened this year. The things that take a permanent place ... an entire year ... in our lives. Time is the essence of living.

The Time Spent In Just Living

Once in awhile, we just sit back and think; and we realize all of the things that go into the making of a great school — the administration, the staffs, the teachers, the students, the involvement, the effort, the time it takes to achieve this greatness.

Liturgy plays an important role in our lives, from the time of our beginning to the time of our end. The priest brings us this liturgy, in some way, every day of our lives.

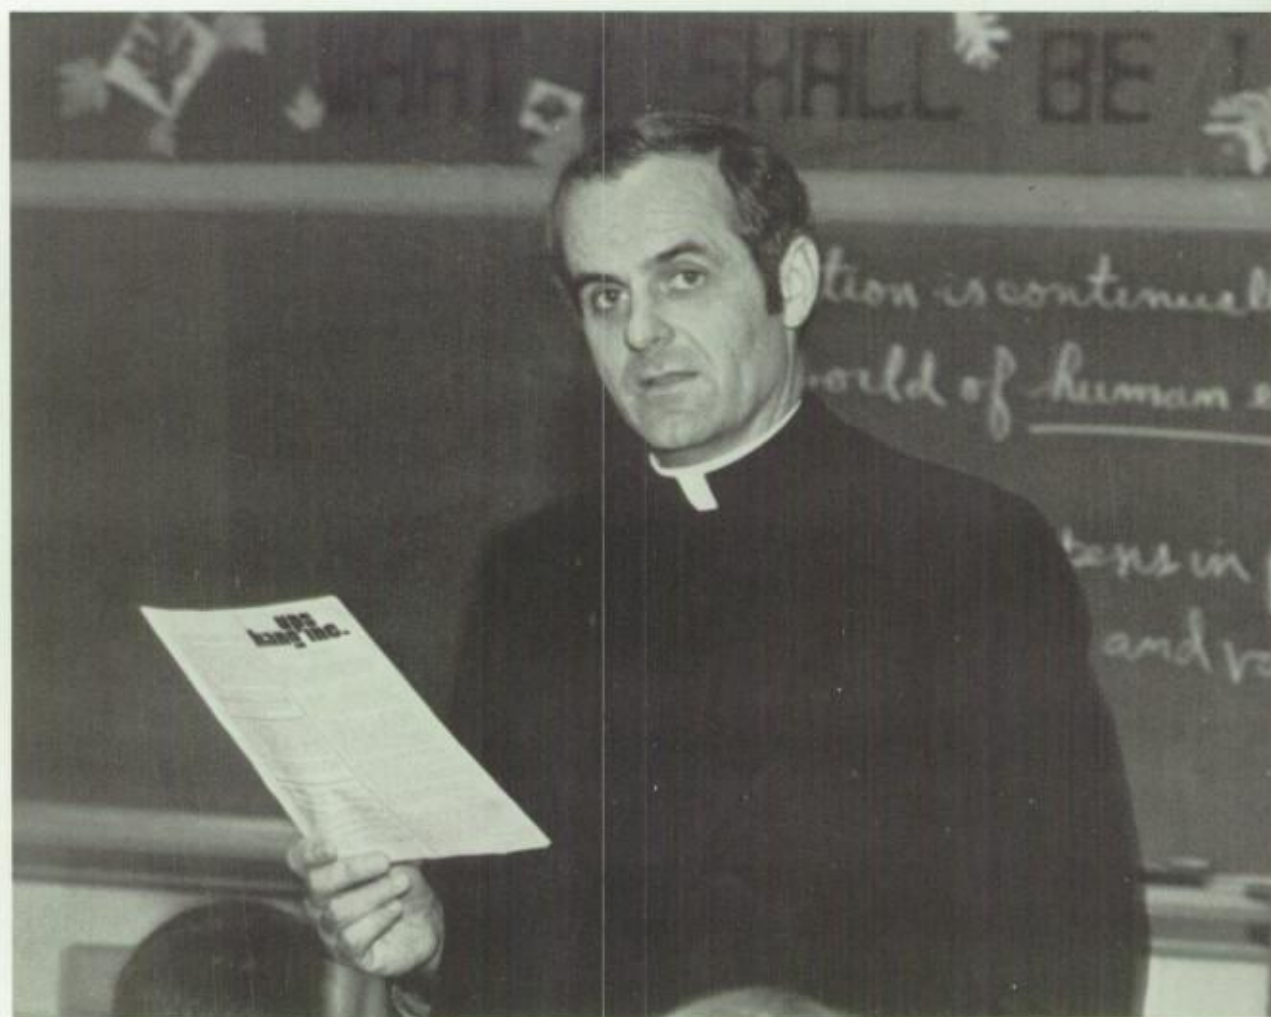

The Rev. Albert H. Ottenweller is one of these priests. He is presently serving as our eighth pastor. Father is one of the two vicar generals in this diocese, a diocesan consultor. He heads the Apostolate to the Spanish speaking people of our diocese. He is a very liberal and understanding person.

Today is the first day

FATHER DONNELLY takes his pose in Sophomore religion.

Fr. John Blaser was born in Fostoria; he came to St. John on August 20, 1969. Since then he has earned a second master's degree. He is a dynamic man, concerned with problems springing from his classes and the community.

Father Frank Eckart is a native of Toledo. He was assigned here in August. His principle role deals with parish activities and teaching in the grade school.

The Rev. Mr. Gary Ferguson was assigned to St. John for a sort of "on the job training." Born in Toledo on October 29, 1945, he spends his weekdays at Mt. St. Marys of the West at Cincinnati, saving weekends for us.

Fr. Donnelly, of Landeck is employed here teaching Sophomore religion.

These are the men who guide us and help us in our everyday life.

"Hey, teacher! You're my friend!"

Teachers are at their desks greeting us with a cheery hello at the beginning of a period and quite often look overcome by desperation when it nears its end. Teachers! Teachers! What would we do without them?

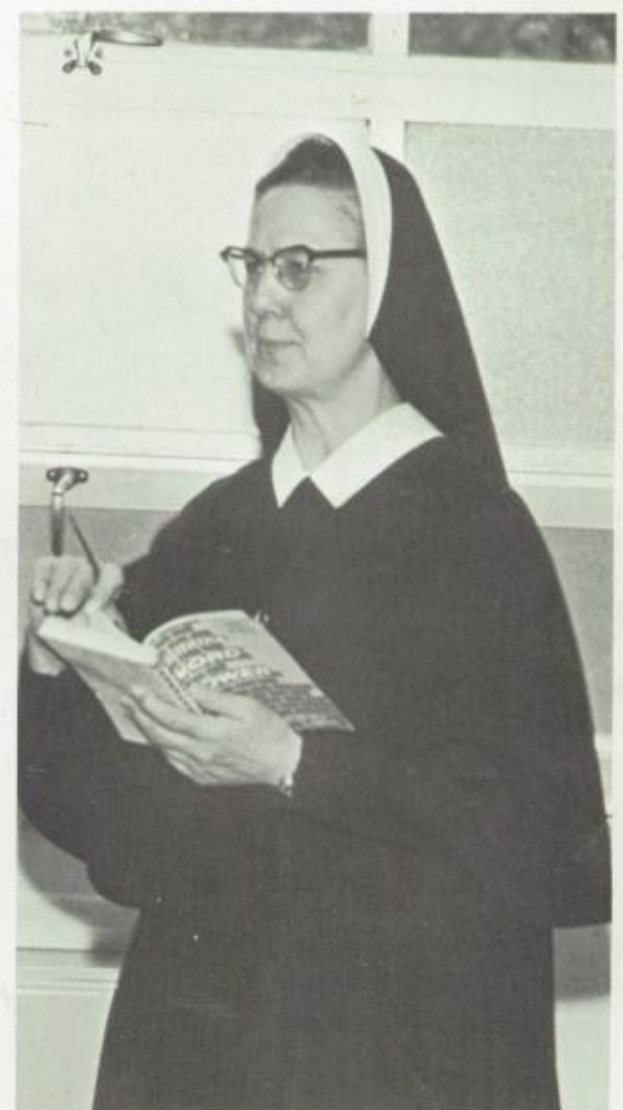

The teachers here at St. John's are constantly devoting their time and lives to help further the education of not one, but all the students. The best are here, and it is up to the students to reach out for the support and strength of the teachers.

St. John's students' second year at Delphos Schools' Training Center

The Training Center - a \$575,000 structure which officially became a school at the beginning of the 1969-70 school year - is the result of the time and combined efforts of area businesses and industries, the citizens, and advancing education. It is the result of everyone working together toward one common goal - a better future for Delphos and its upcoming citizens. The Training Center symbolizes progress and a brighter tomorrow.

Courses offered at the Training Center are Home Economics I, II, III, and IV; Vocational Agriculture I, II, III, and IV, and Agricultural Business; Distributive Education; Industrial Arts: Comprehensive Industrial Arts, Materials and Processes, Carpentry, Wood Technology, Graphic Arts, Plastics, Metal Technology, Electricity, Arts and Crafts, Home Repair and Maintenance, Power Technology, and Mechanical Drawing I and II; Business: Typing I and II, Shorthand I and II, Bookkeeping I and II, General Business, Business Math, Business Law, Office Practice, and Intensive Clerical Education.

Today, in 1971, we see the good the Training Center has done; we see its effects and its popularity. The Training Center is something that Delphos really needed and has put to good use.

Barb Helmkamp and Barb Meyer await Sr. Remigius' instruction in religion.

"WHAT IS LIFE? WHO AM I? WHO IS GOD?"

In this nuclear age of cold wars and the communication gap, students are becoming confused, more unsure of who we are and what is expected of us as human beings.

St. John religion classes are encouraged to discuss controversial topics, listening and learning about the outside world. And yet, with all modern techniques, Christ's example is still relevant today, living and growing in our love.

Emilie Koester and Sr. Victor admire the collage created by the religion students.

Tess Kimmett and Martha Shenk look over their notes in Family Living.

We find religion relevant

The crucifix, a relevant sign in today's society, symbolizes the religion classes here at St. John's.

Sr. Donald Joseph points out examples of Christian living to Steven Ludwick.

Remember way back in grade school when you almost killed yourself trying to conjugate, diagram, punctuate and outline?

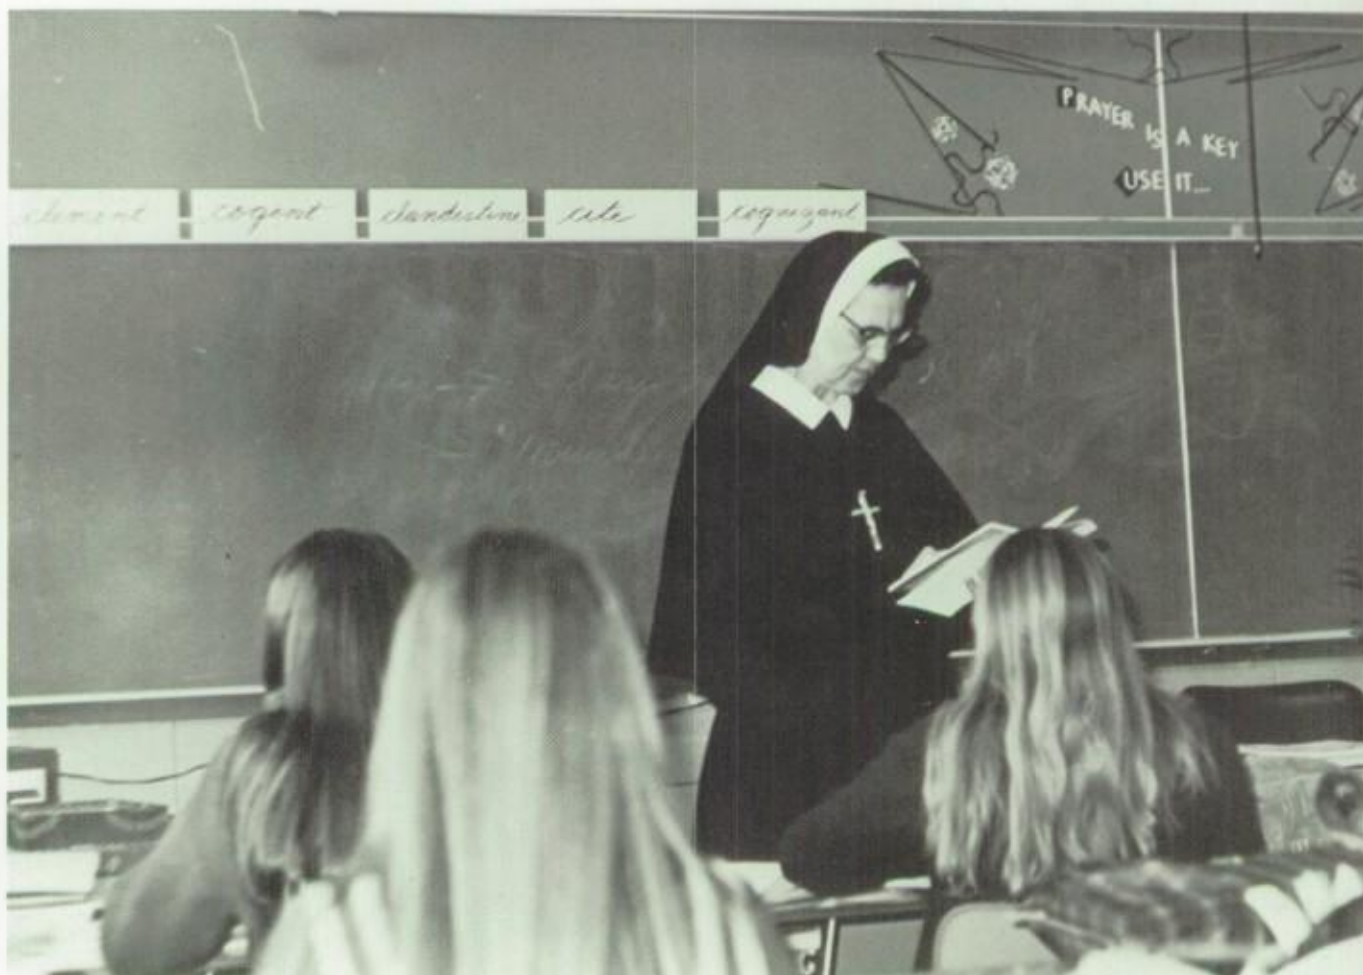

Unfortunately, we still have to do the same things, but we've progressed to studying literature - appreciating the magic of words that express an idea.

This year as a special treat, the English department sponsored a play by Edgar Lee Masters, "Spoon River Anthology" at Jefferson Auditorium. In it Masters' words spin a dazzling account of Spoon River townspeople risen from the dead to tell the story of their lives.

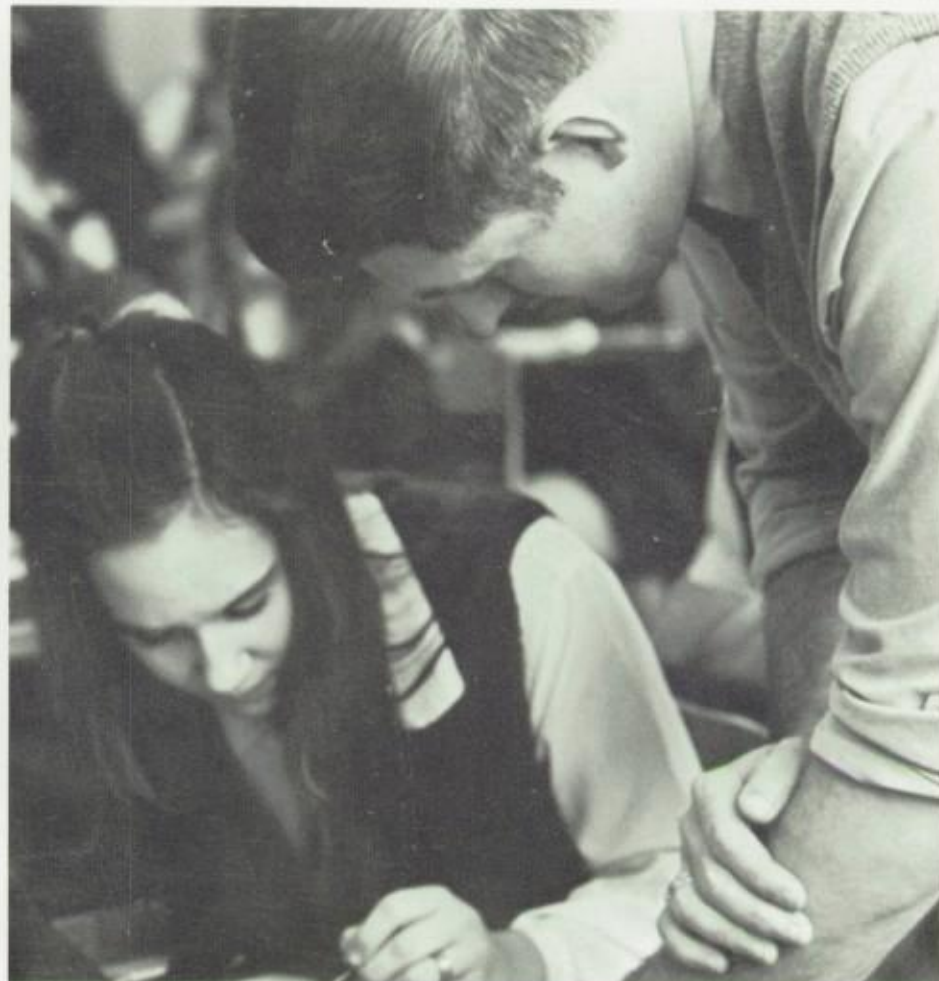

Andy Kill tries his hand at teaching in Advanced Lit. class.

Sr. Delphine explains the symbolism in "Hamlet" to her senior English class.

Pearl Sanchez and Mike Honigford go over some of the important facts in "The Red Pony."

Deb Gedeon gets some advice from sophomore English teacher Mr. Patton.

English classes give new meaning to reading and writing

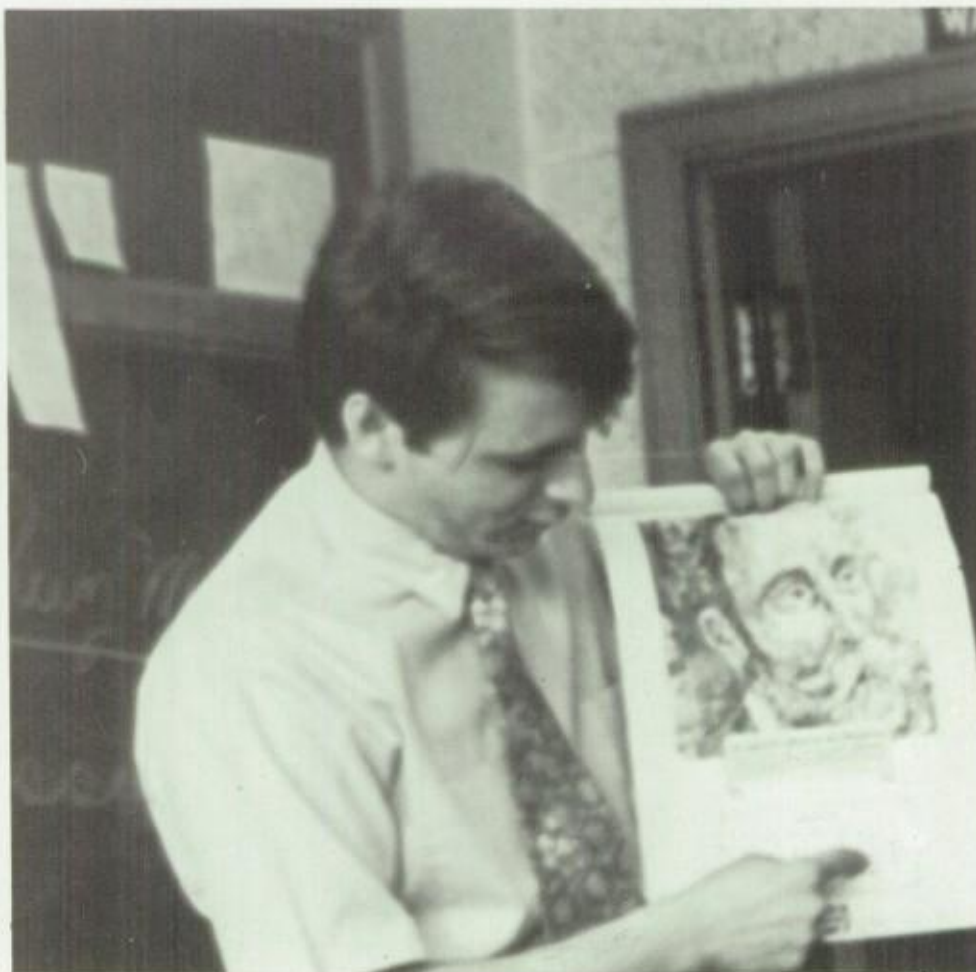

Sr. Alfred's freshman English class is hard at work on the classic "Shane."

Walter Remlinger explains a French map to Sandy Stalkamp.

Sr. St. Catherine's Latin II class work in groups on the difficult Latin vocabulary.

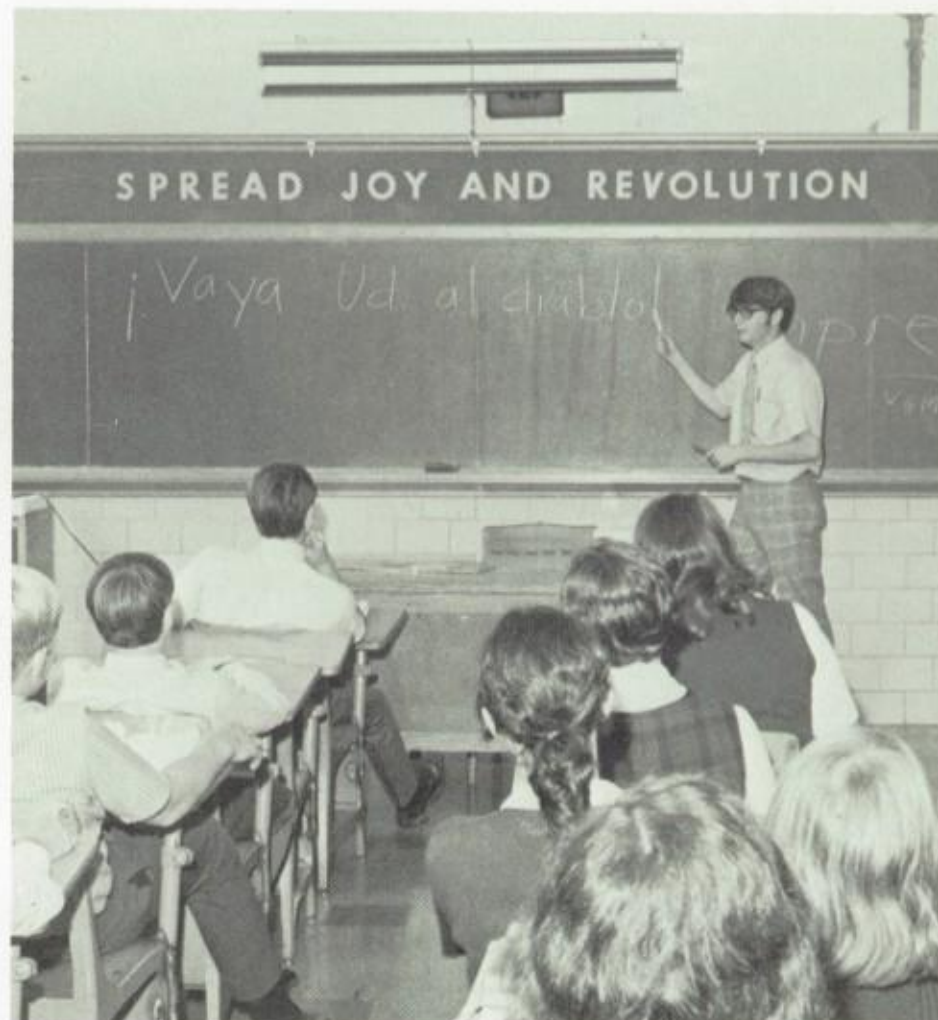

Mr. Ruffing explains the makeup of a Spanish calendar to his class.

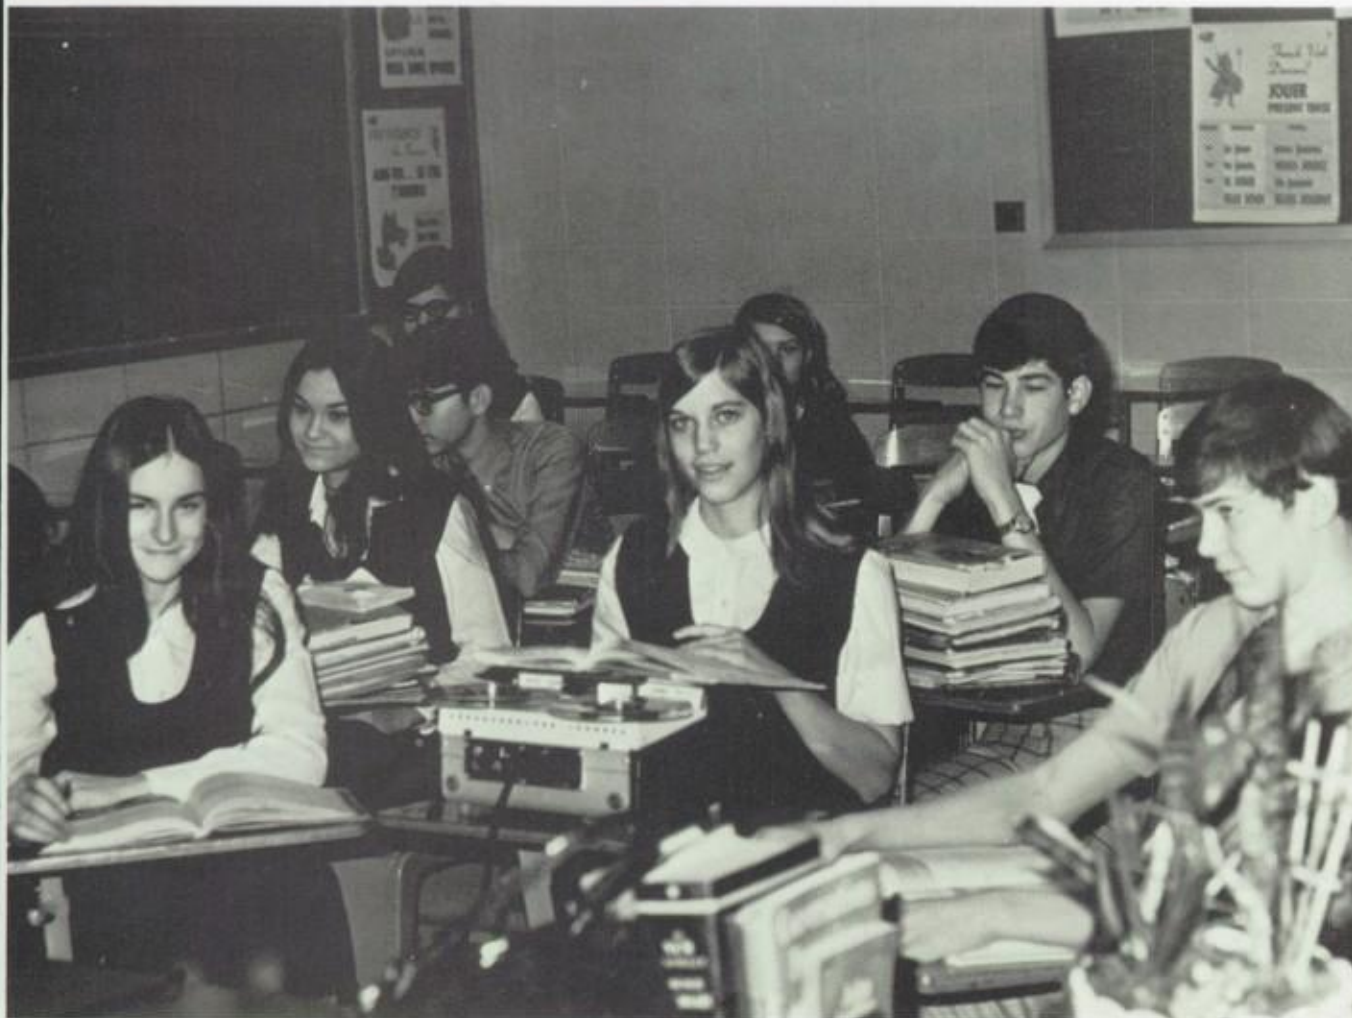

PARLEZ VOUS FRANCAIS? HABLA
ESPANOL? HOW ABOUT LATIN?

After putting together all the vocabulary lists, word exercises, and translations ad infinitum, after nine months of intense concentration and laborious work, somehow one acquires a foreign tongue forever. He can baffle his friends and mystify his parents by speaking to them in three different languages!

These first year Spanish students listen as Mr. Ruffing explains sentence construction.

We encounter something foreign

Joyce Bradshaw, Pat Wellman, and Mike Murray find that working with the tape recorder improves their French diction.

Speaking . .

Mr. John Gunder is caught in a pensive mood during his acting class.

At lunch, during study periods or at other "odd" moments in the school day, restless students display startling theatrical talents . . . until they are called on in class.

Oh! the plight of Mr. Gunder who must transform this shy energy into a praiseworthy performance. Somehow he retains his sanity while all around him is chaos.

Margie Elwer reacts spontaneously to prompting during speech acting class.

Acting

The acting class united to present the silent "Shadow Moods in Mimes" and the not-so-silent "The Fantasticks," which proved very successful.

Speech Fundamentals class produced such projects as mock court trails and debates. Each member participated in the preliminary Voice of Democracy speech contest.

Frank Wulforst "does his thing" in acting class.

Speech Fundamentals class confronts Jerry Renner with the problem of getting his point across.

Dave Wagner, Dave Ostendorf, Arlene Wienken and Kim Weber go through a mock trial (for experience?).

The art of self-expression

Art is an art; that is a profound statement which means that you must sweat for perfection.

Have you seen an abstract drawing that looked like a can of paint was dropped on the canvas? Although there is a slight chance that it did happen that way, this only goes to emphasize art's requirements: a fresh outlook on every slant of life, and the freedom for an individual's self expression.

Using water colors, Lynn Kleman works on a color wheel.

Mr. Garmhausen inspects the work done in India ink by Jeanmarie Ricker and Joan Neumeier.

Jerry Johnson holds his masterpiece as Mr. Garmhausen administers the finishing touches.

What's the buzz? What's happening? Our journalism students take pains never to "shield" the truth about activities at St. John's from the public.

"The Shield," our school newspaper which appears monthly in The Delphos Herald, is the project of a group of students committed to objective reporting. Oftimes bits of ingenious writing make the presses.

During class periods, Mr. Patton's journalism students also discuss the principles involved in newspaper reporting and in the field of journalism in general.

Jane Hanshumaker, Mike Staup, and Allison Osting find that working on layouts can be fun.

Our newspaper — 'The Shield'

"THE SHIELD" STAFF: CLOCKWISE: Rick Gerdeman, Mike Bendele, Mike Grone, Editor Kathy Michael, Marcey Miller, Mike Staup, Advisor Mr. Patton, Deb Gedeon, Allison Osting, Veronica Luersman, Liz Sheeter, Jane Hanshumaker. Lynn Kleman absent.

Mrs. Shroyer points out a specific typing rule to Barb Pothast.

Typing, bookkeeping, recordkeeping, and shorthand - all are subjects important in gaining a foothold in the world of business.

Competition is a concept learned early and one to be successfully dealt with. Concentration and practice do make perfect in subjects such as these which demand accuracy.

These students work everyday for faster and more accurate typing.

We acquire desired skill and speed

Bob Grothouse pours over his bookkeeping to keep his books balanced.

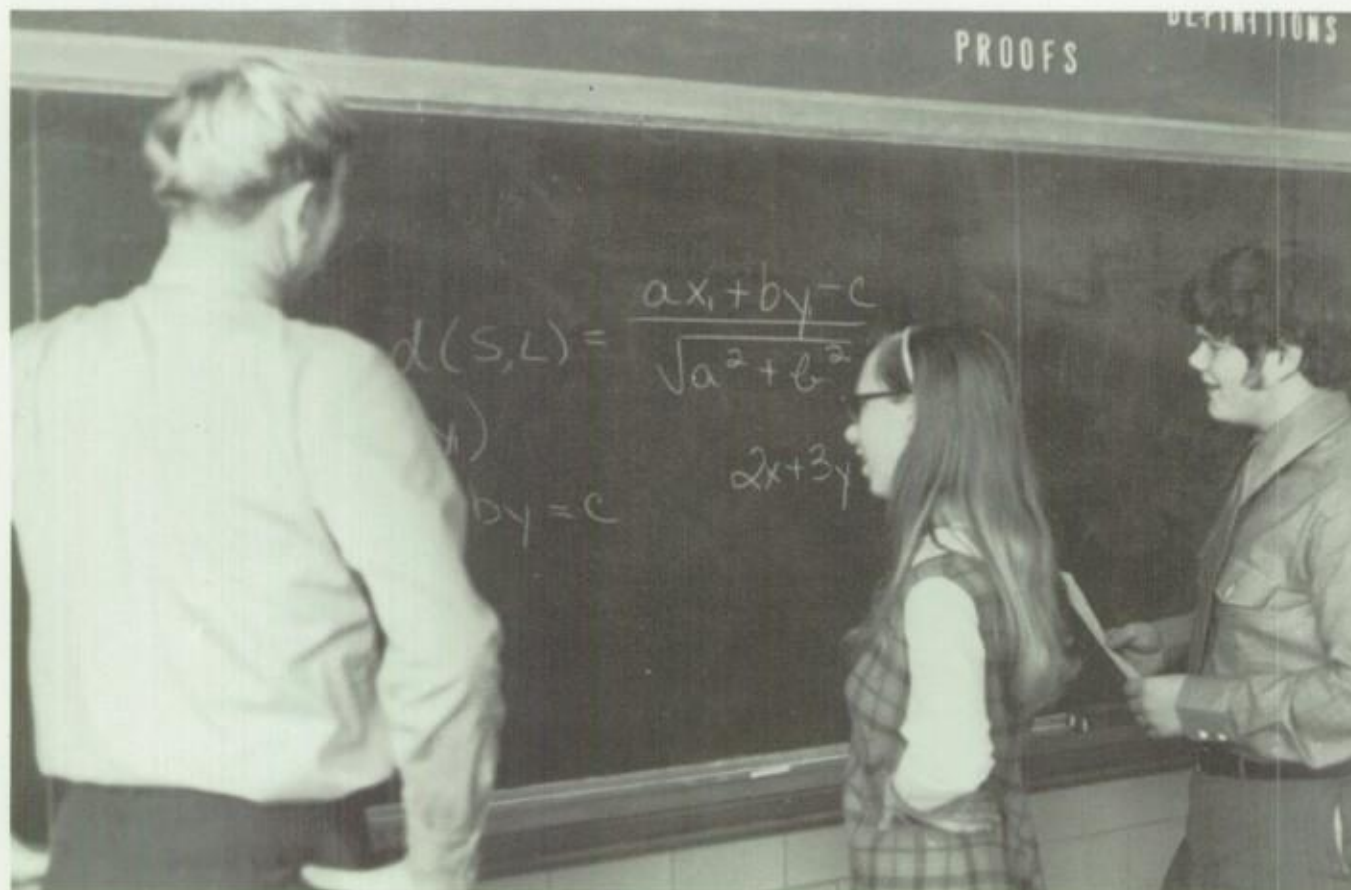

These students type as they listen to the tape's that accompany their textbooks.

Sister Roberta keeps her shorthand class busy with dictation.

Math is no longer just square roots and multiplication tables. In our time, the whole theory of logic has become more involved ... the type that could get you to the moon or prove the existence of a line.

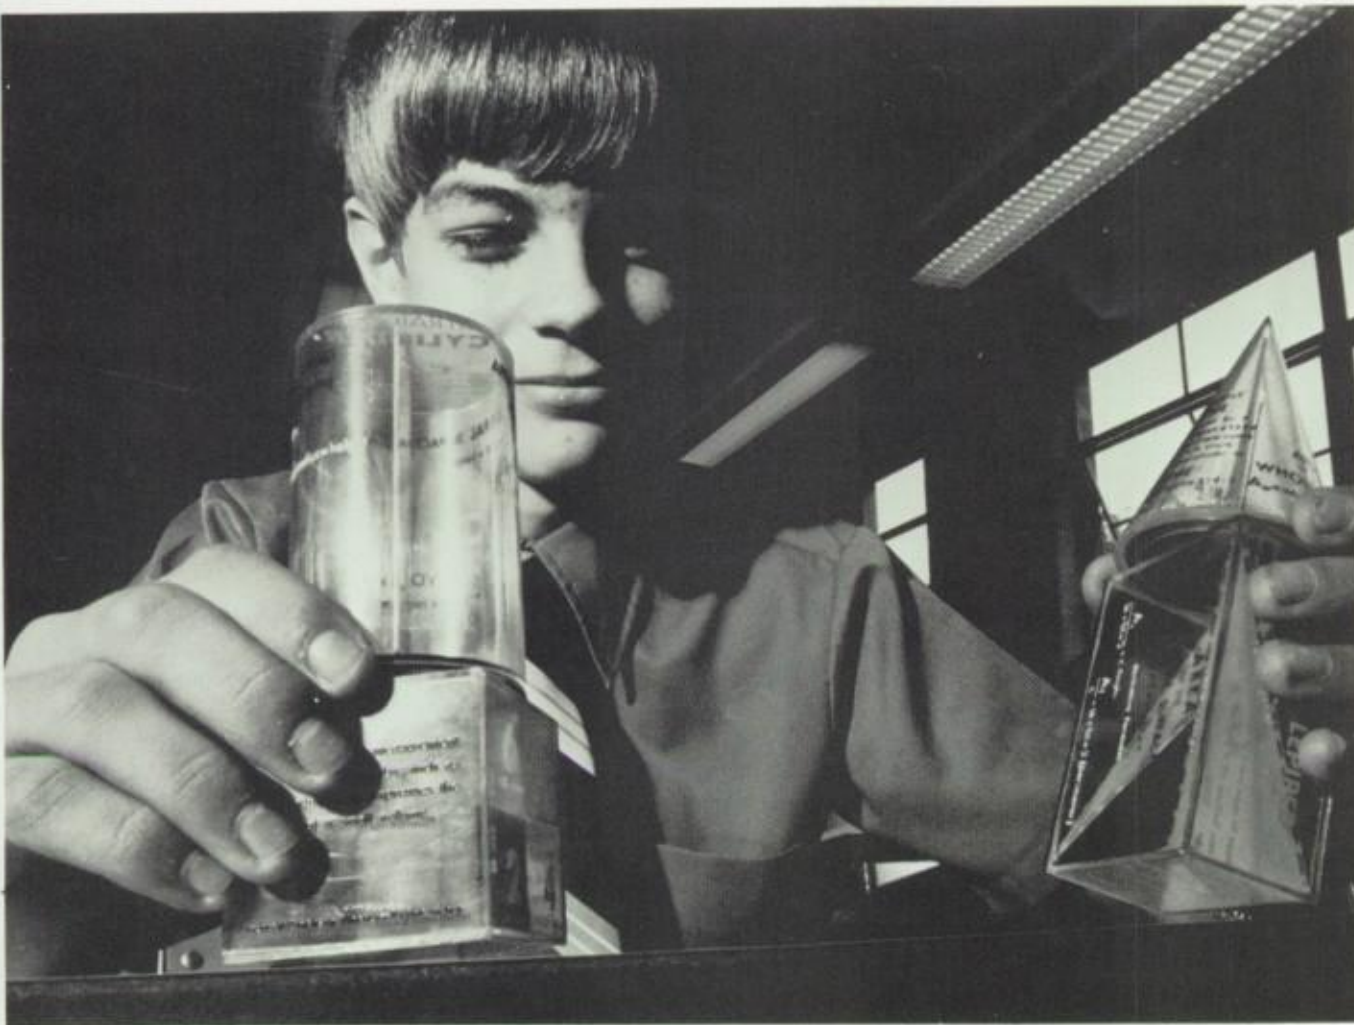

Fascinating - but also much more difficult than computing square roots or learning the multiplication tables.

Bob Moenter, Mrs. Wilkerson, and Charles Raabe slave over an equation in Math IV.

Mr. Schroeder's explanation seems to be very clear to this freshman math class.

Phil Pothast does not seem to be the least bit puzzled by these geometric solids.

Math teaches us to organize our thoughts

Mrs. Wilkerson comes to Gary Bockey's aid during an advanced algebra class.

Mr. Besso checks with Mark Bohnlein and Betty Gable during a panel discussion in Negro history class.

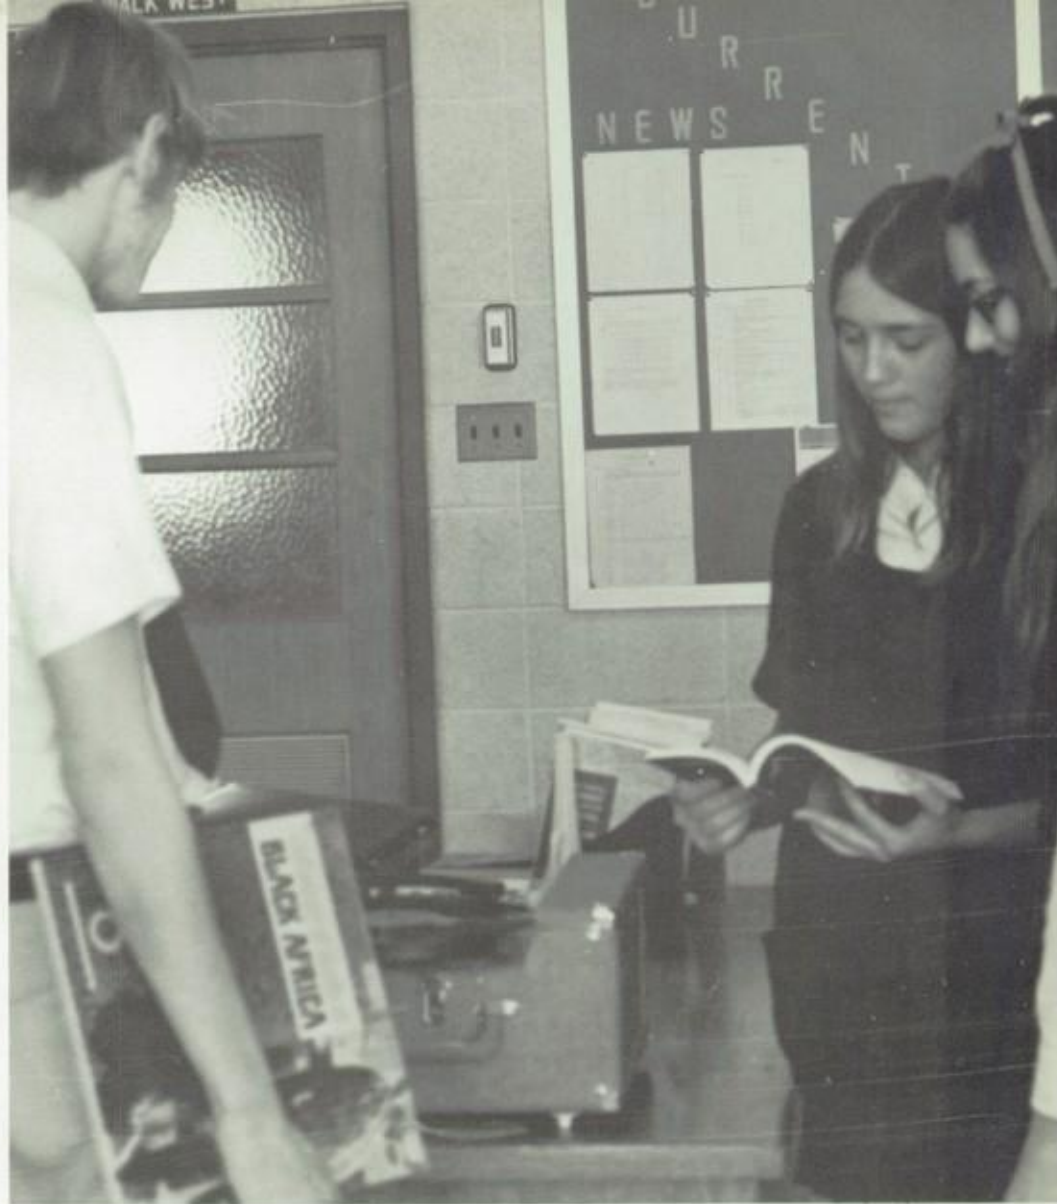

Mary Wurst, Dave Wagner, and Herm Elwer turn in their government tests to Mr. Kochensparger.

he past

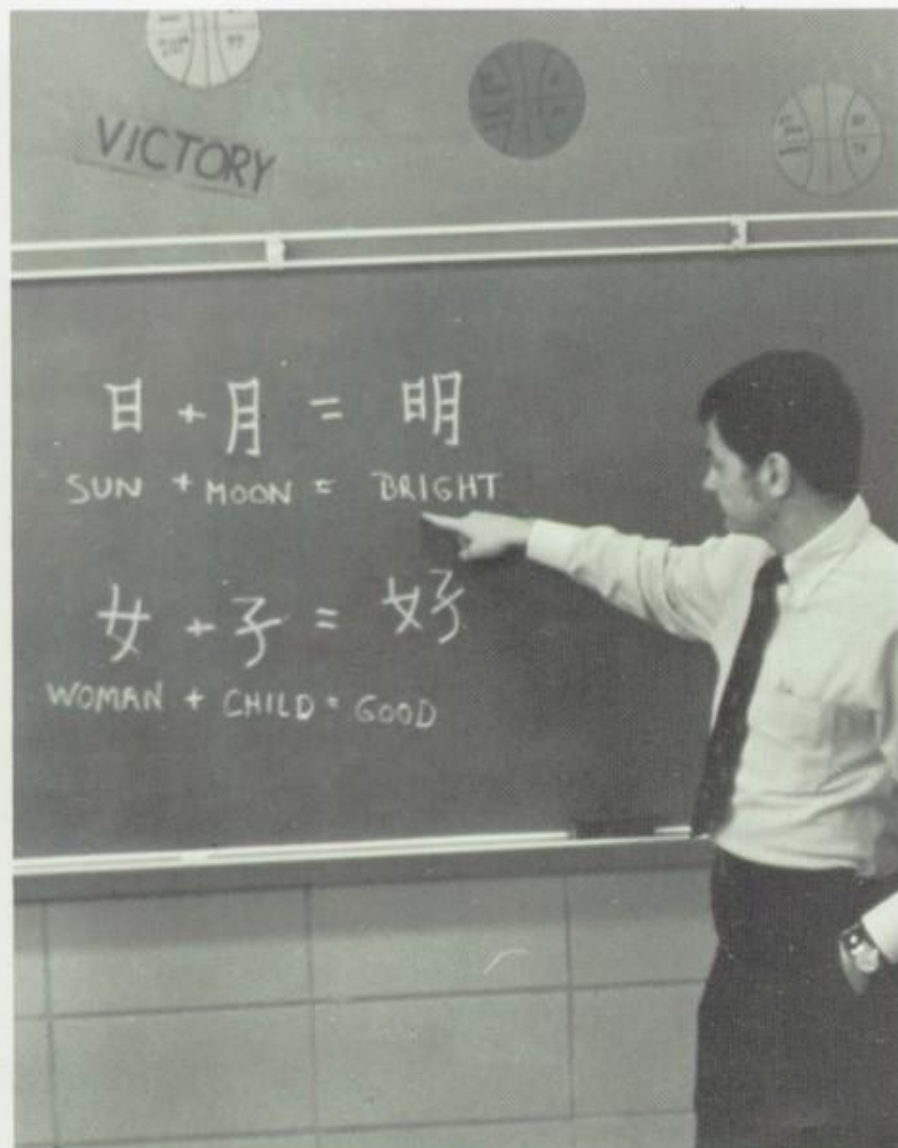

Way back in B.C., the student had it easy when it came to history homework; his textbook covered everything from the invention of fire to the Trojan War ... and both pages were timely.

After 2000 years and billions of human experiences later, modern man cannot afford to forget a past mistake. Somehow, sometime, we could very well spare ourselves from self-destruction.

As the world shrinks and countries come unavoidably closer, courses concerning the cultures of Russia, Europe, Africa, and Latin America again become interesting and timely.

Bruce Dobner, Deb Picker, and Denise Pohlman make use of records and books in African culture class.

Mr. Besso explains the meaning of Chinese pictographs to his Asian culture class.

This European culture class enjoys listening to Mr. Rafferty.

Jim Hummer and Jim Oberg are studying the heart in physiology class.

We learn of nature's laws through science

Mike Jettinghoff identifies the parts of a worm during biology lab.

Kathy Donaldson smiles as though she has just developed a secret potion in chemistry class.

The sciences at St. John's are challenging and interesting to the curious, for those who look at nature wondering.

This is the most important part in studying a science - or any subject - wondering why.

Through physical science, biology, chemistry, physiology, and physics, the fundamental principles of nature are stressed.

Sue Miller and Kim Buschor work intently on a physical science experiment.

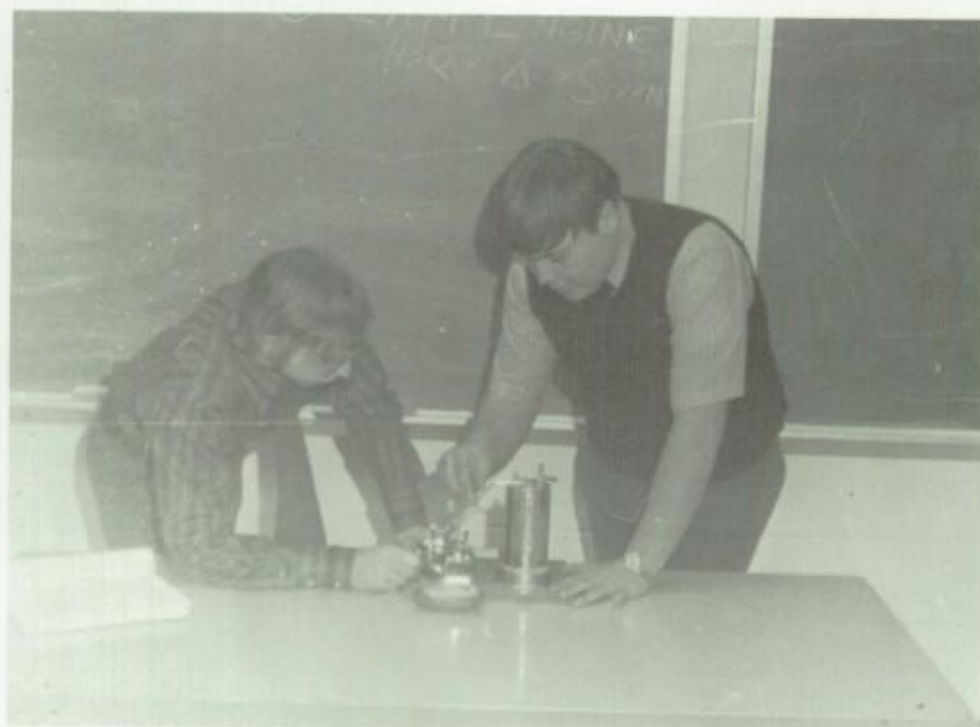

Nick Berelsman, Don Beckmann, Mike Grone, and Candy Swick try to decide what to do next in a physics lab.

Industrial arts offer

Frank Wulforth, during a home repair and maintenance class, is shown lacquering a wooden mug.

Attempting to get their steam engine moving in power class are Keith Dukes and Dan Fischer.

The Delphos Training Center provides further opportunity for education to over 400 of St. John's students. It has five different courses taught throughout the day. They include: Business, Home Economics, Vocational Agriculture, Industrial Arts, and Distributive Education.

The industrial arts classes involve the students in plastics, metal working, wood working, power mechanics, home repair and maintenance, and mechanical drawing. Mr. Damshroder, Mr. Fitler, and Mr. Wilkerson are all teachers of Industrial Arts.

During a home repair and maintenance class, Joe Bonifas shows his skill in sanding a wall.

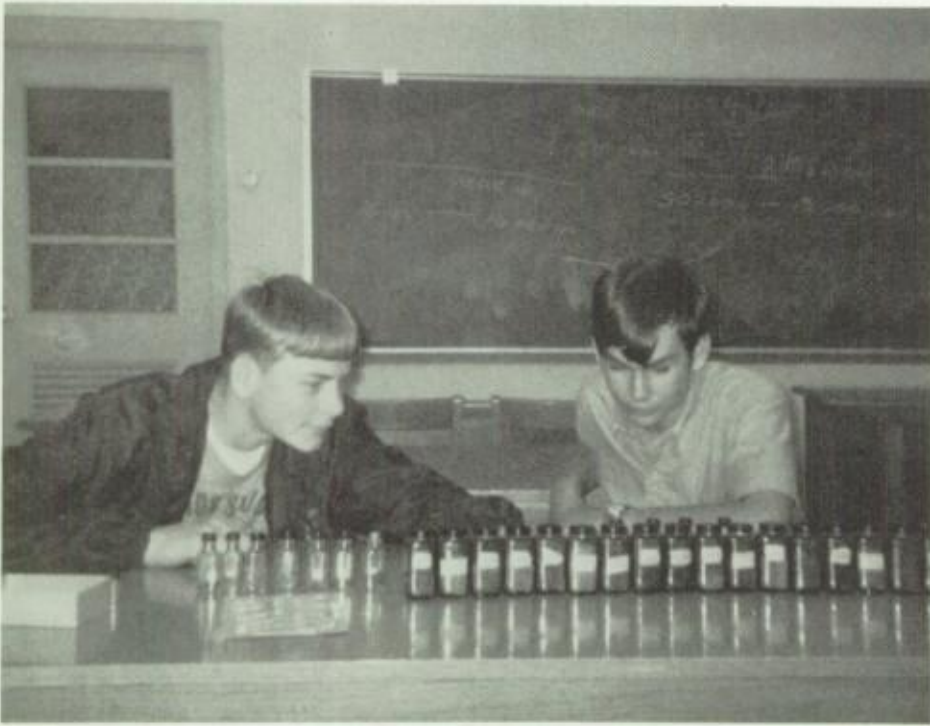

Looking very studious in a mechanical drawing class is Dave Metcalfe.

Vocational Agriculture

The Training Center offers a course in Vocational Agriculture. Mr. Gerdeman and Mr. Plikerd are the instructors.

Vo Ag includes Science as it is related to the production of livestock and crops, shop work made up of mechanics and building repair and maintenance, leadership activities such as parliamentary procedure, and FFA.

Mr. Smith takes time and trains students for jobs related to agricultural industry in agricultural business class.

Jim Wellman and Mike Luersman are seen examining seeds in vocational agriculture class.

Tom Neumeier is pictured with his instructor, Mr. Gerdeman. Tom is working with a motor in vocational agriculture class. Do you think he'll get it to run?

Gerald Renner, standing, and Ronald Kill, on top, shingle one of the little red barns made by senior Vo Ag students.

Margaret Ernst and Barb Miller are being shown how to operate a duplicating machine by Mr. Lehman.

Mastering the basics of business

Busy at work in their first year typing class are Margie Meyers, Dave Stallkamp, Dave Rabe, Connie Warnecke, Mary Jo Lauer, and Bev Klausing.

Business is a course being taught at the Training Center; instructors include Mr. Lehman, Miss Benning, and Mrs. Wellman. Shorthand I and II, Bookkeeping I and II, Typing I and II, General Business, Business Math, Business Law, and Intensive Clerical Education are the individual subjects studied.

These girls listen carefully to an explanation in intensive clerical education class as Mr. Smith observes their class.

Working for perfection in Home Economics

Mrs. Grothouse and Miss Nichols teach girls material on clothing, foods (menu planning), family living, and tailoring, in home economics classes.

Lois Hollar is pressing the outfit she is making in Home Economics.

Jeanie Ricker makes a color wheel in Home Economics.

During home economics class, Kathy Friemoth and Deb Gerdeman make a chocolate cake.

Linda Warnecke shows off clothing at Betty Jane, where she works taking part in distributive education.

Gary Nuemeier works as an attendant and mechanic at Ditto and Brigg's Marathon. His job at the service station makes up part of his distributive education.

Cinda Warnecke is working at the cash register. She works at Murphy's through DECA.

Distributive Education

Distributive Education is taught by Mr. Sommer at the Delphos Training Center. The students attend a half day of school and the other half they spend at work. In this course, they especially learn business procedures - selling and advertising.

The Delphos St. John's marching band, which is under the direction of Mr. Robert Slattery, is probably our largest student-involved group in the public eye. Be it parades, conventions, concerts, or half-time at a football game, the band represents the school in its entirety. Good or bad, it represents the school; we are fortunate enough to have the best! Practice, extensive drilling, and a sense of dedication on the part of the band members put the band in the number-one position it holds today.

Much of the music format has changed in the last couple of years. The band now plays popular music - something that gets both the performer and the listener involved. Its clever formations and drills, which are quite often the products of Mr. Slattery's ingenious mind, are appreciated by old and young alike. The marching band certainly deserves the great student-body support it has had all year.

St. John's spirited Steppers

Pre-game activities finds the St. John's Marching Band in the "S.J." formation.

The aim of all musicians is to bring enjoyment and entertainment to both himself and his audiences. The St. John's concert band has proved successful on both parts. Under the direction of Mr. Robert Slattery, the band has grown and improved in their musical interests and abilities. The fact that the band earned a II or excellent rating at contest this spring and the fact that they sound so terrific proves this.

Sandy Stallkamp works on an assignment for music theory class.

Learning to drive

Age 16! Among other privileges turning sixteen means driving! Cut the apron strings, and be on your own!

However, this freedom means learning responsibility, respect, and courtesy on the road. Besides driving techniques, classes in drivers' education instill a proper attitude for a happier and safer life behind the wheel.

Drivers' training instructors include Mr. Arnzen, Mr. Pawlicki, and Mr. Krotzer.

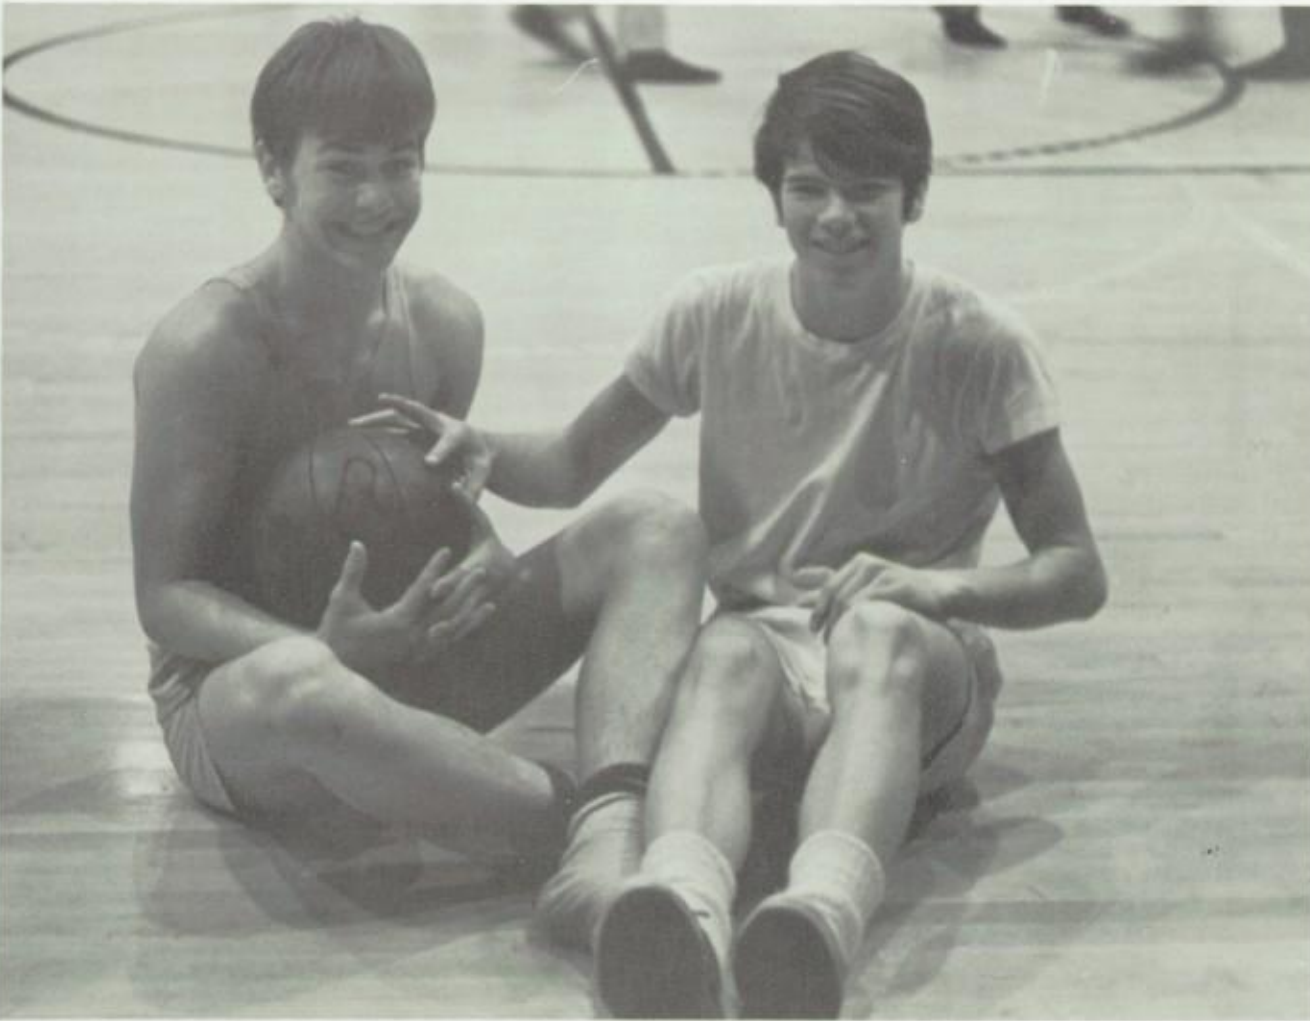

Kim Osting studies Ohio's motor vehicle laws.

Taking a look at the driver education car are Jerry Miller, Dave Laudick, Roy Cross, Phil Pothast, and Duane Fuerst.

Staying physically fit

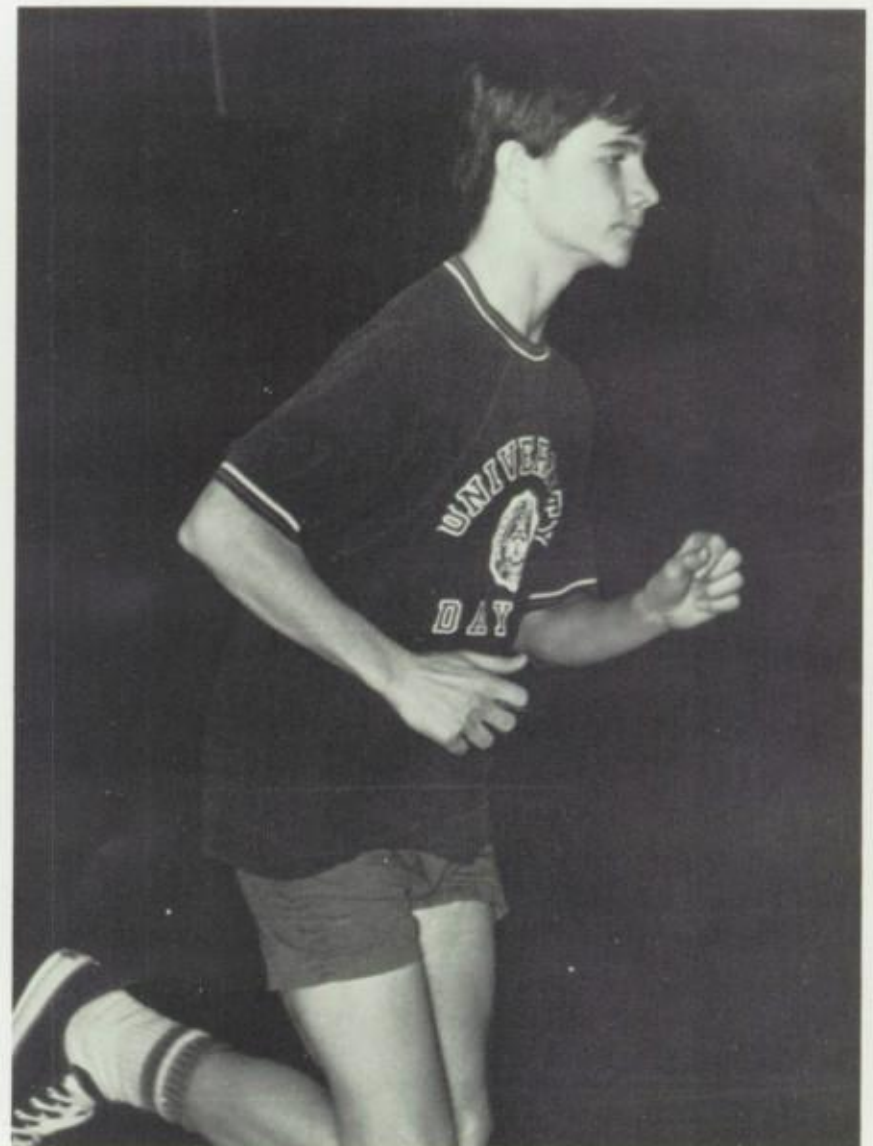

Physical education classes consist of more than just plain old exercise. They involve basketball, softball, races, relays, gymnastics, and most important - good sportsmanship. They keep the body active along with the mind. These classes give each student a chance to enjoy himself and the opportunity to perform to the best of his ability.

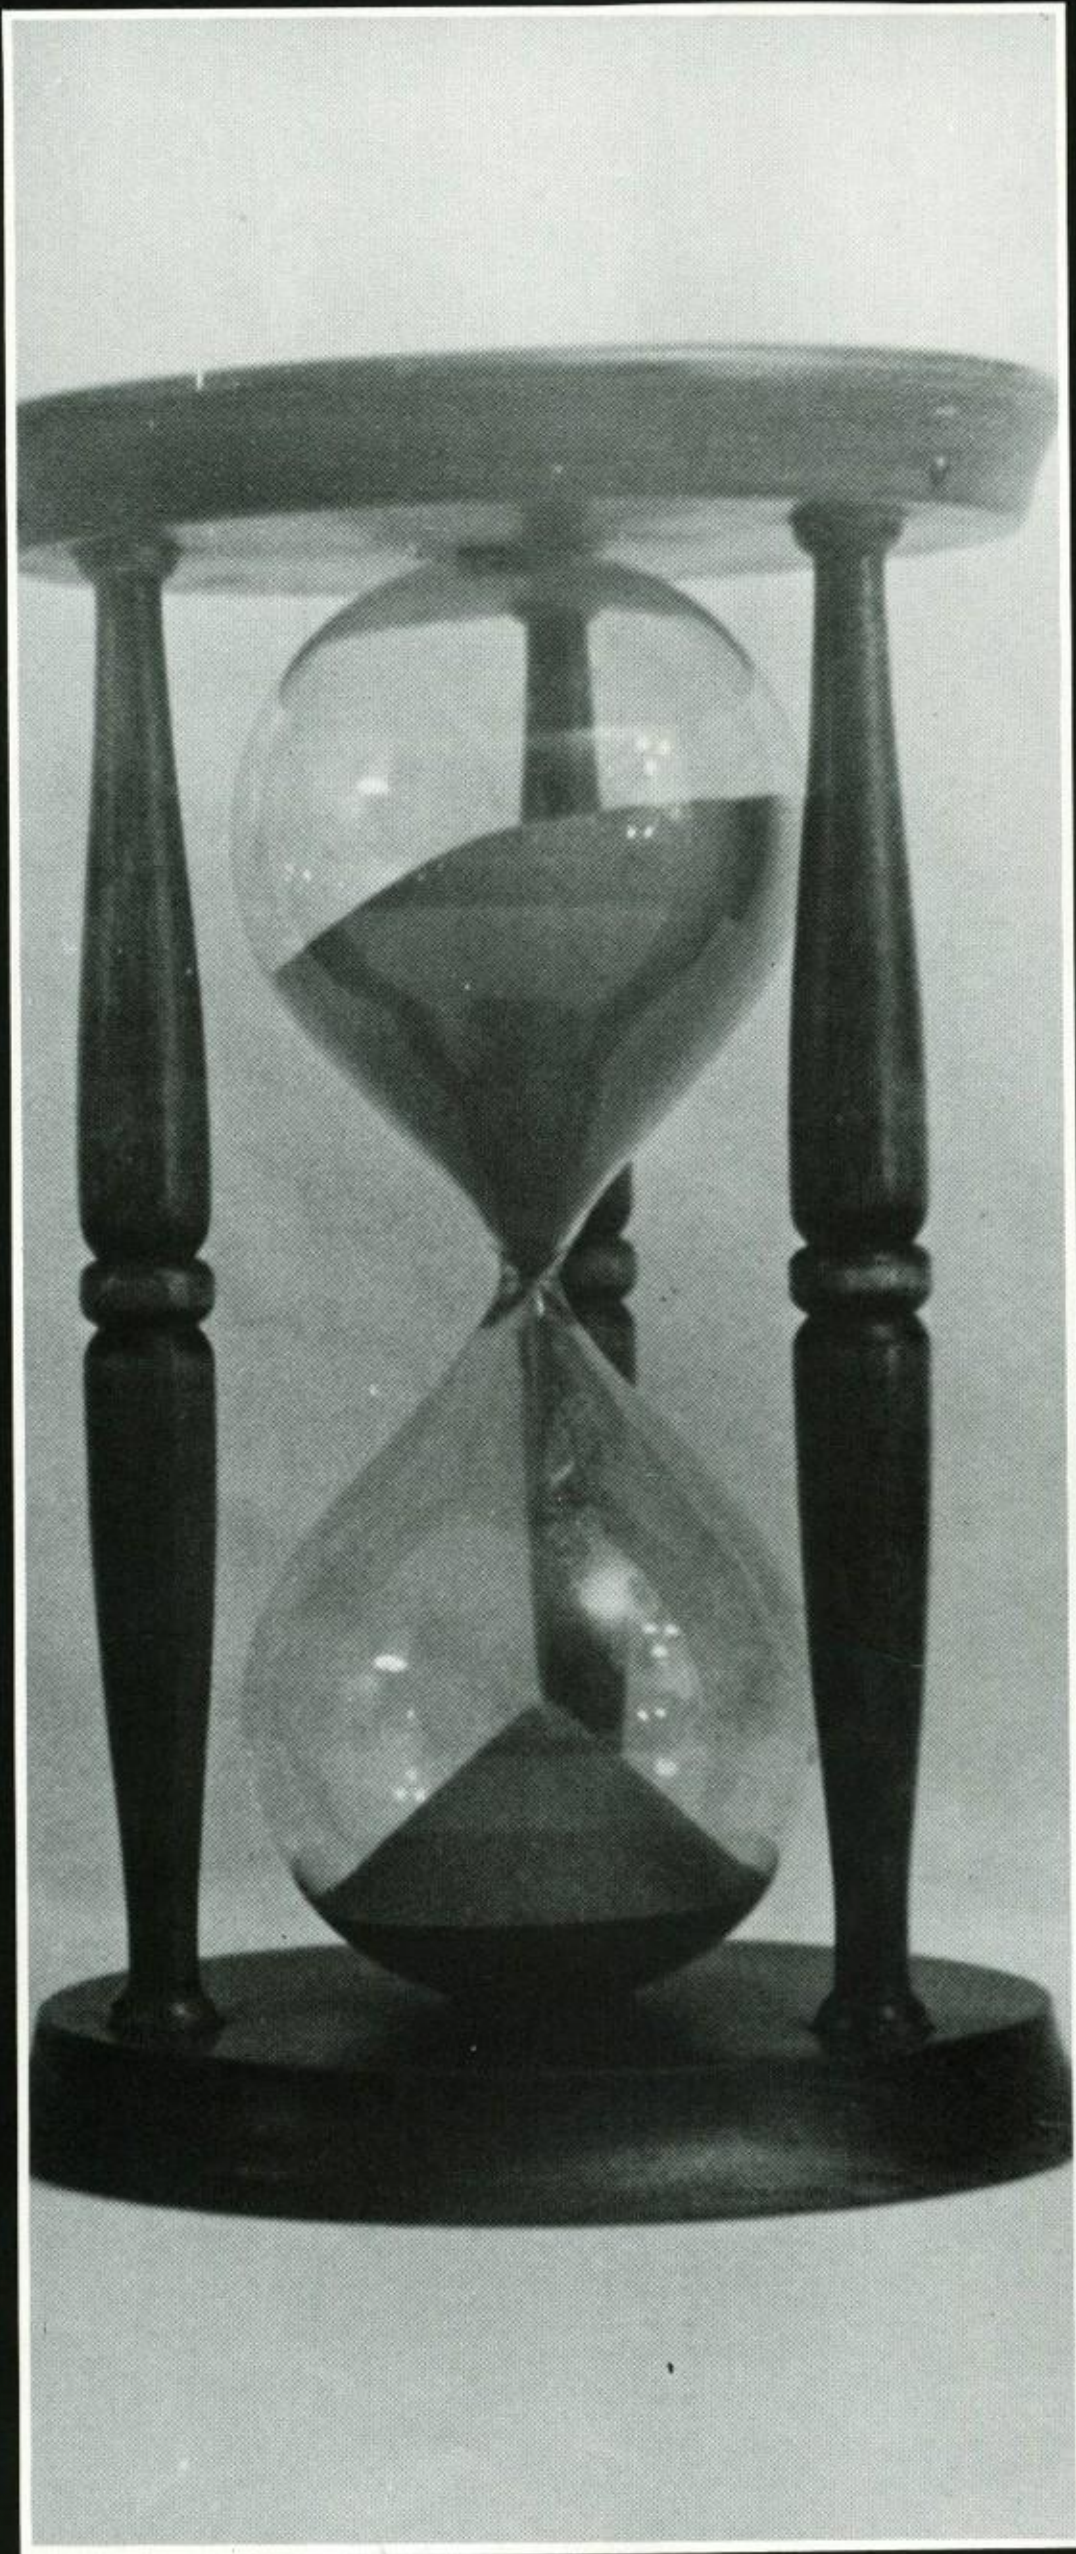

Do Kim Osting and Phil Clark really understand the rules of basketball??

These girls are engaged in a wild game of basketball during gym class.

Mark Wulforth knows the secret to staying in shape!

Time and time again, we fail to realize all the hours, all the efforts, all the hard work spent in making our extracurricular activities "something special." Time won't erase these memories.

Student Council, Mission Society

During Earth Day planned by the Student Council, everybody got into the act of cleaning up.

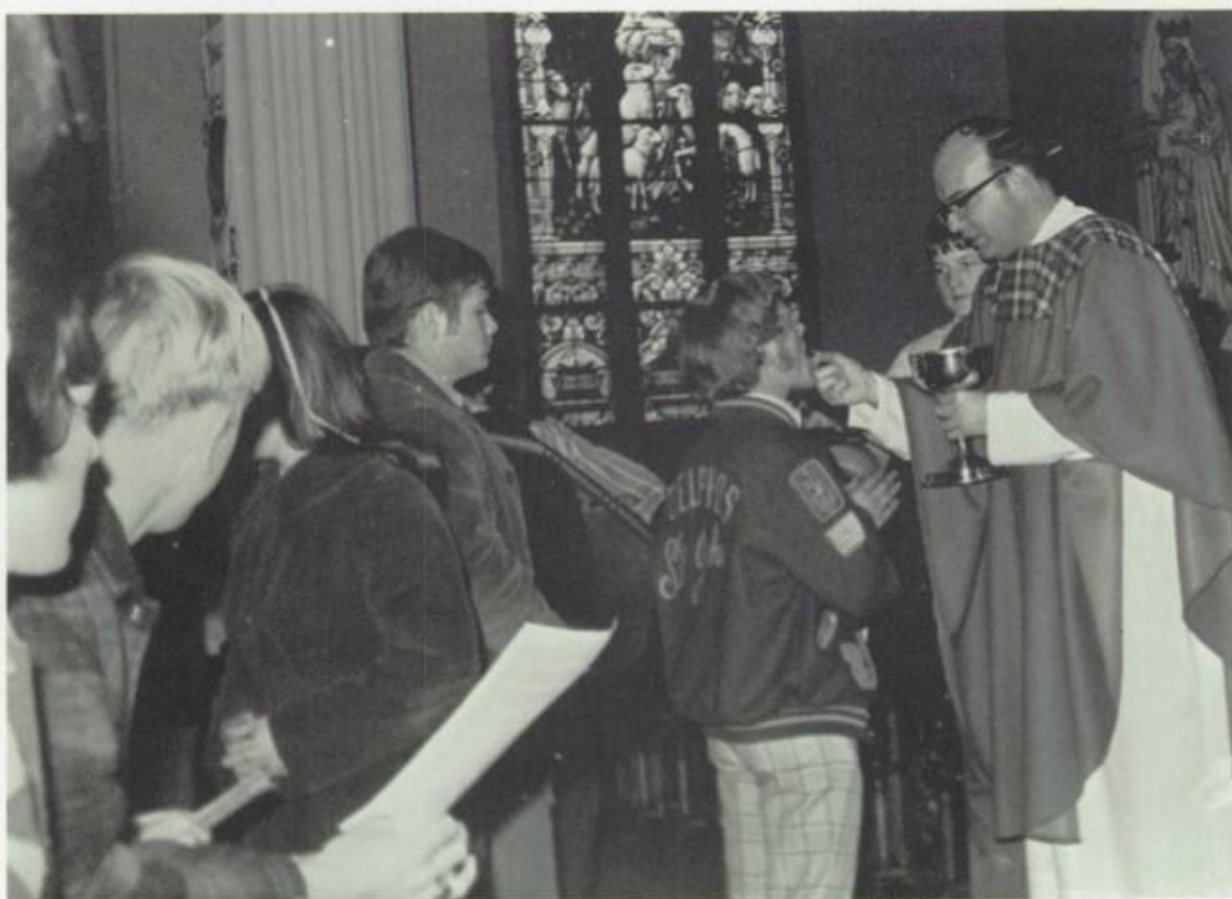

During the past school year, opportunity knocked often at our doors as a student council. Much of the year was spent wisely in smoothing a then-possible rough transition in administration from one of uncertain leniency to the fair and measured leniency of Mr. Adams. The result and proof lies in the over-all contentment among students and their teachers.

The 1970-71 student council offered the opportunity to all, students and members, to become responsibly involved in the mainstream of communications and affairs among students, faculty, and administration. It remained for the individual student to take advantage of that opportunity.

Sincerely,
Pete Imber
Pres. 1970-71 Student Council

The Mission Society were busy this year which is evident by the things they accomplished.

Led by President Denny Hickey, the missions planned student masses and collected money for various organizations. They also sponsored a slave auction and conducted Mission Day at which Brother Ed West from Glenmary Missions spoke.

One of the Mission's main interests had to do with student masses.

Coordinate S.J.H. Activities

This year's Mission leaders were: ROW 1 Officers: Vice-president S. Ardner, Treasurer D. Elwer, President D. Hickey, and Secretary C. Mansfield. ROW 2: K. Carder, R. Kimmet, L. Fischer, L. Elwer, R. Scholars' shine

Boys' State and Girls' State representatives sponsored by the American Legion attended a week long seminar to learn the fundamentals of government and leadership. They returned as more enlightened and informed citizens.

Boys' State Representative Nick Schmit is flanked by Girls' State representatives Kathy Hedrick and Kathy Michael.

The National Honor Society got a jump on the 1970 school year with an outing in August. At this time plans were made for the coming year. Results of these plans were: the members participated as guides for Freshman Orientation, served as hosts and hostesses for Career Day guests, and sponsored an Alumni Day. They also held a student exchange with Shawnee High School and conducted two induction ceremonies. Finally, throughout the year they maintained a bulletin board at the entrance of the school.

Honor Society members are: ROW 1: Jeanne Rupert, Phyllis Grothous, Dianne Baumgarte, Chris Fischer, Janet Grone, Sandy Stallkamp. ROW 2: Helen Trentman, Sue Pohlman, Barb Best. Future Teachers of America is established for the benefit of students entering the teaching profession.

Among its many activities, it gave members a chance for on the spot student teaching in the grade school.

F.T.A. is also responsible for Career Day which gave the entire school an opportunity to acquire information about their future occupations.

Roxann Reindel is shown helping Steve Fisher while she was student teaching over at the grade school.

Christian Clubs

stress involvement

The newly organized Fellowship of Christian Athletes meets twice a month; its purpose is to try to make a little clearer what our objectives and goals in life should be. Mr. Rafferty, the moderator, and the athletes discuss anything which might be a problem to the individual or to our society. They share their thoughts and ideas in the hope that each will see a little better the reason for his existence as a child of God.

The St. Vincent De Paul Society has been involved in helping the needy and the poor people in the Delphos area. This year the society sponsored a program in which the members acted as "big brothers" to some of the grade school boys. They also helped the older St. Vincent De Paul Society with projects at Christmas time and Easter.

Some of the members of the Fellowship of Christian Athletes are involved in a typical group discussion.

St. Vincent De Paul Society members are: ROW 1: Mike Bendele, Mike Grone, Dan Bryant, Darrell Alt, Nick Schmit, Joe Bonifas. ROW 2: Don Beckmann, Steve Young, Dan Meyers, Denny Hickey, Bill Rupert, Bob Moenter, Pete Imber, Don Ardner.

Mr. David Rubinoff captivated the student body with his \$100,000 Stradivarius.

Mr. Roger Robb, with Herman his atom smasher, presented an interesting program dealing with atomic energy.

Maureen Kaskel is receiving the Director's award from Mr. John Gunder at the Senior Award Assembly.

Expressing her happiness and joy, Queen Connie Pohlman thanks the student body for choosing her to represent St. John's.

For Connie Pohlman the dream of every high school girl came true. Connie was elected queen to reign over the 1970 homecoming festivities. Her dream began to materialize at the coronation ceremony before the St. John-Leheman Catholic football game. Although the Jays put up an exciting fight for our queen, they met with defeat with a final score of 28 to 0.

Connie's fantasies continued to become reality when she was recrowned the following night. The dance and the music of the Velvet Crest all added to make the 1970 Homecoming a dream to remember.

The royal attendants look on as Queen Connie makes her final walk. Seated with escorts from left to right are; Beverly Klausing, Jim Myers, Carla Haunhorst, Mike Recker, Vicki Nartker, Walt Remlinger, Queen Connie Pohlman, Pete Imber, Maureen Kaskel, Ron Elwer, Pat Wellman, Steve Kill, Nancy Hoehn, and Duane Fuerst.

Queen Connie's Dream to Remember

Key moment of the year came to Connie Pohlman as Pete Imber, her escort, crowns her highness with the shimmering tierra.

Pete Imber escorts Connie to the platform as the band's "San Francisco" salutes our queen. Trainbearers are Kevin and Glen, brothers of the queen, and the crown-bearer, Ann, is a sister of the queen.

Fantasticks' — Fantastic!

The Fantasticks consisted of: ROW 1: Joe Bonifas, Frank Wulfhorst, Mike Grone. ROW 2: Vicki Nartker, Dave Ricker, Mark Gerdeman. ROW 3: Margie Elwer, Mark Bohnlein.

On February 9-15, the speech-acting classes invited the public to view their production of "The Fantasticks."

"The Fantasticks" was a parable of love which presented a blend of satire with romanticism while at the same time, combined bright comedy and serious verse. The play centered itself around the imaginary feuding of two fathers in hopes of bringing their children together. When the children are finally together, the problems that go along with love prevail until everyone does a little growing up and discovers what love is really about.

The play was under the direction of Mr. John Gunder and music was provided by Mr. Robert Slattery accompanied by Sharon Nie-decken.

Mike Grone exercises his coordination as Joe Bonifas and Frank Wulfhorst look on.

The father images Mark Bohnlein and David Ricker conspire to bring their children together.

Seniors proudly present 'Guys and Dolls'

Steve Young portrays the free-living, easygoing gambler Sky Masterson.

"Guys and Dolls" - the 1971 senior class production - is based on a book by Damon Runyon. Jo Swerling and Abe Burrows adapted it for the stage, and Frank Loesser added the music and lyrics.

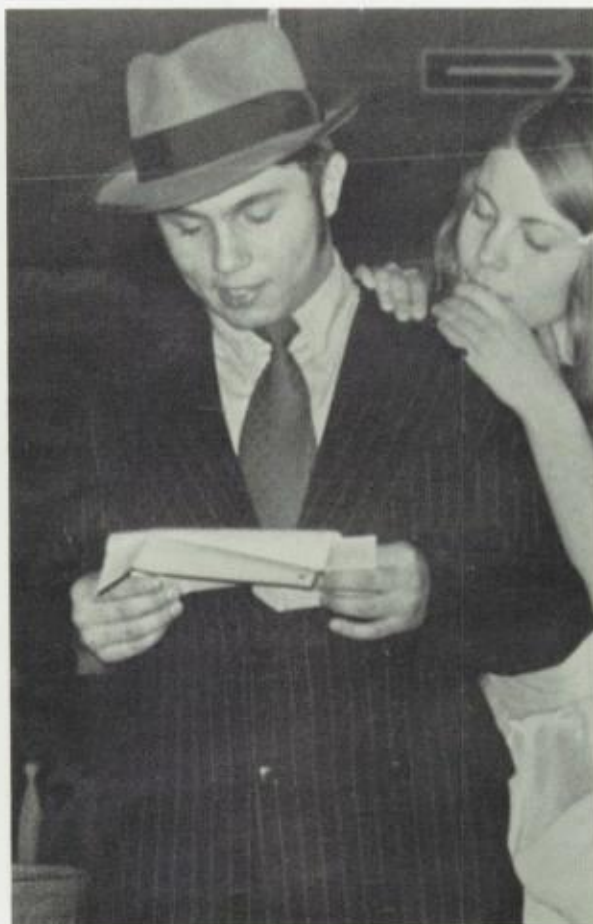

The story is centered around two love stories. One involves Nathan Detroit, the owner and promoter of "the oldest established permanent floating crap game in New York," and Miss Adelaide, the typical dumb blonde who is presently employed and starring at the Hot Box Club. The other deals with Sky Masterson, the free-living Mr. Lucky of the gamblers, and Miss Sarah Brown, the determined Salvation Army doll who is dedicated to her mission.

The plot revolves around Nathan's need of \$1000 to pay for a place to hold the crap game; to get the money, he tricks Sky into the bet that Sky cannot get a doll of Nathan's choice to go to Havana with him - the doll being Sister Sarah Brown of the Save-a-Soul Mission. Adelaide's persistence to get married and her suspicions that Nathan is still running a crap game further complicate the story.

Time brings the story to an end, and everything turns out fine. It's a happy ending for the two couples and a standing ovation for the entire company.

Sister Sarah Brown of the Save-a-Soul Mission is brought into the lights by Sandy Stallkamp.

Nathan Detroit, promoter of the floating crap game, is played by Mark Bohnlein.

Maureen Kaskel acts as Miss Adelaide, a fiancée for fourteen years.

Mr. Slattery and the pit band play all of the songs during practices and performances.

In one number at the Hot Box Club, the Hot Box girls dance to "Bushel and a Peck."

At rehearsal are Ron Wegesin, Randy Brinkman, Dave Warnecke, and Darrell Alt, all able-bodied members of the stage crew.

Mr. Gunder directed and coordinated "Guys and Dolls."

The crapshooters exalt Big Jule in "... the oldest established permanent floating crap game in New York ... "

Denny Hickey and Frank Wulforth capture the characters of Nicely-Nicely Johnson and Benny Southstreet.

The juniors' decorations gave "The Mist of May" a romantic atmosphere.

The music was provided by "The Raspberry Blues."

The faculty, as well as the students, enjoyed the banquet and prom.

May 8 will be a date well remembered by all that attended.

Lingering memories for

Lake Loramie provided the seniors with sun, swimming, and an all around nice time on the day of their class outing - a day of rest, relaxation, and enjoyment after final tests.

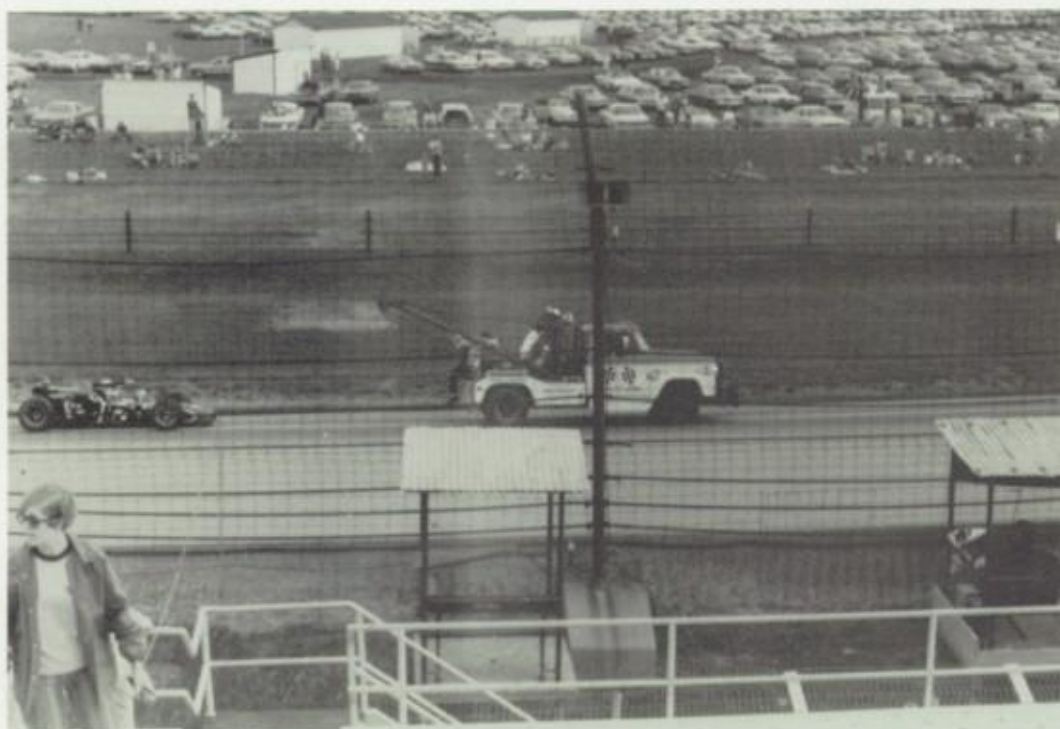

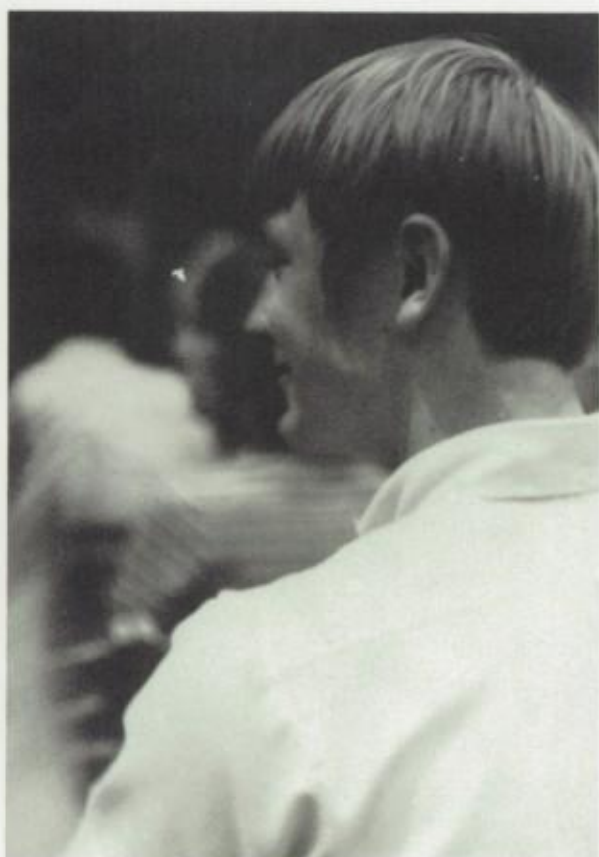

It put the cork on a great year and provided a great class with a chance for a little togetherness.

Seniors — outing, trip

A concert by Neil Diamond and a visit to the Indianapolis Speedway were the highlights of the Senior Class Trip, which this year took them to Indianapolis, Indiana.

Everything went off well and everyone had a terrific time. It proved to be a great closing to the senior year and a great time as the seniors' last big fling together.

Blue Jays strive through tough season

This year's football team members were: ROW ONE: Jim McKowen, Steve Rabe, Gary Neumeier, Joe Bonifas, Charlie Lehmkuhle, Jim Brown, Don Ardner, Chuck Klima. ROW TWO: Coach Rafferty, Denny Elwer, Chris Link, Nick Schmit, Mark Odenweller, Tom Neumeier, Mark Bohnlein, Darrell Alt, Ron Wegesin, Lee Ulm, Jim Kollsmith, Dave Warnecke, Frank Wulfhorst, Coach Marvin. ROW THREE: Tim Kill, Dan German, Bob Pohlman, Tim Geier, Dan Morris, Carl Maas, Mike Murray, Rick Heidenescher, Dan Clark, Dave Bockey, Gary Miller, Dave Wagner, Denny Klaus, Ron Brickner, Dan Kimmert, Jim Deut-schle, Herm Elwer, Ed Will, Mike Honigford, Dave Rabe, Coach Gunder. ROW FOUR: Dan A. Grothouse, Steve Miller, Mike Trentman, Jim Wellman, Charlie Lozano, Jerry Kill, Greg Wannemacher, Dan Metzger, Joe Brown, Duane Fuerst, Steve Lud-wick, Kim Osting, Tom Thitoff, Mark Wulfhorst.

The 1970-71 season was a tough one for all concerned, as the Blue Jays finished off the season with 2 wins and 7 losses.

The defense was the bright spot of the season, as no team scored more than 28 points against them. The offense, scoring 82 points, did have its problems throughout the season.

Ending Coach Rafferty's previous comments, were hopes for future football at St. John's! "The past season is history and the objective of our team and coaching staff is to get back on the winning track and make the 1971-72 season a big one."

According to Coach Amzen, there were four lettermen who formed the nucleus of this year's team. Led by Captain Chuck Spieles and ably assisted by Denny Elwer, Dean Holdgreve, and Bill Rupert, this year's Blue Jay squad continued the winning tradition.

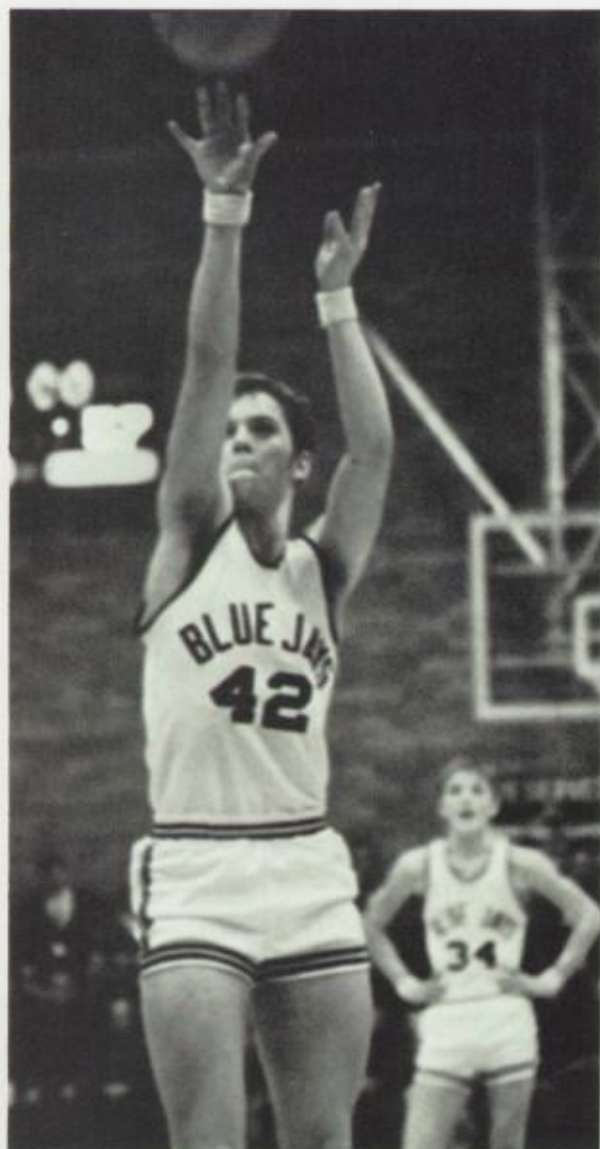

One of the highlights of the season was the 82-80 victory on the final game of the season over Lima Central Catholic, despite Joe Fischer's 53 points.

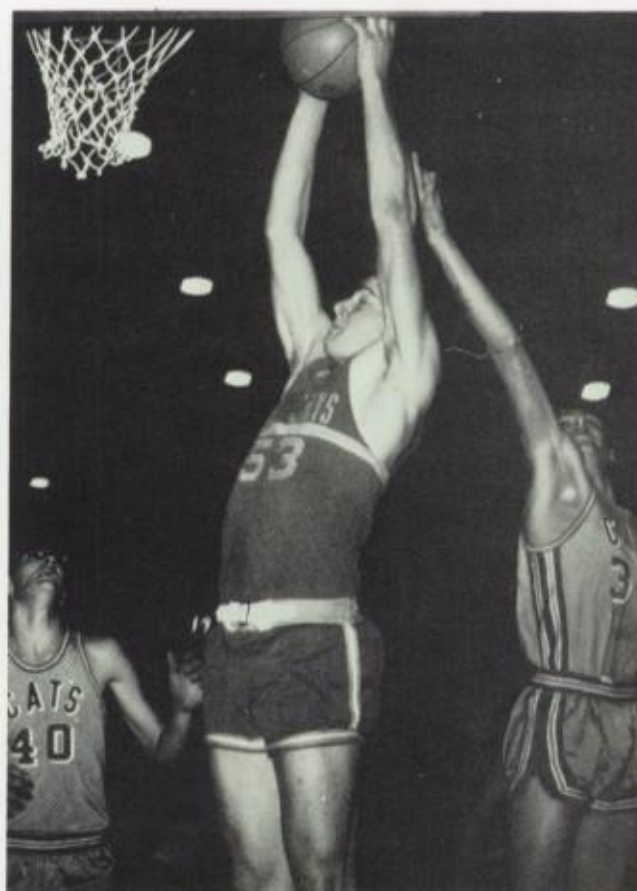

Dean Holdgreve (51) handles the ball well while going for a two pointer.

Captain Chuck Spieles (34) tears down court while fighting to outrun Elida's Bill Brown.

Bill Rupert (42) skillfully shoots a foul shot, scoring another point for the Blue Jays.

Grabbing the ball from the opponent's rim is Denny Elwer (53) to add to his top rebounding record.

Gary Miller (54) even though blocked by a Bath Wildcat, receives a successful pass.

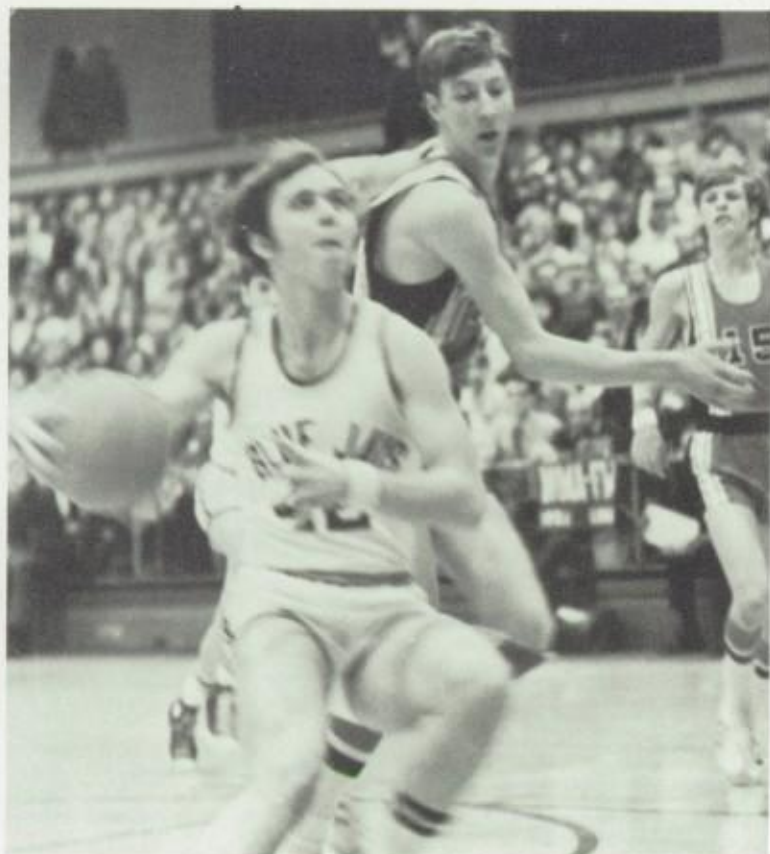

Denny Elwer (52) pulling down the ball, tries hard to prevent a jump ball.

Chuck Spieles (34) makes a jump shot and raises the score against LCC.

As LCC's Dave Maish fails to block the layup, Mike Hedrick adds two more points.

Bill Rupert (42) slyly makes his way to the basket.

Dean Holdgreve (51) protects the ball from Toledo Waite's Roger Bell (20).

Action!!

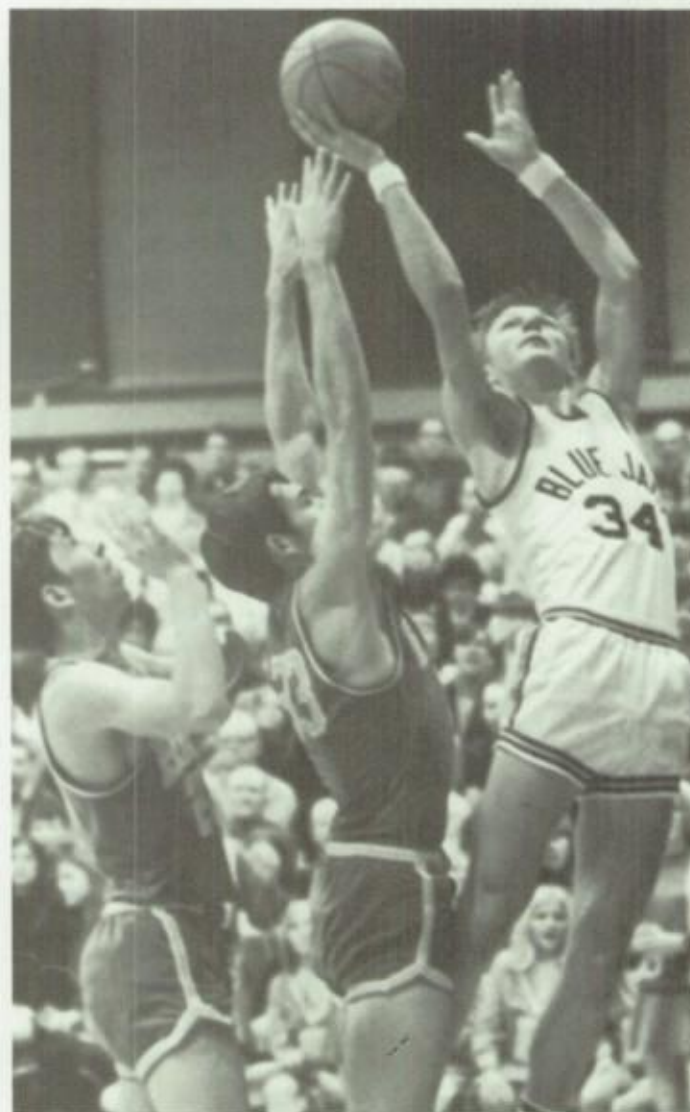

The Blue Jays again cap the Holiday Tournament trophy by a victory over Toledo Waite 51-50.

As the comments of Coach Rupert go, our reserve basketball team had a great season with a schedule of 13 wins and 3 losses.

One tough game against L.C.C. was thought to be very close until suddenly at the end we consumed 15 points in an 1 and 1/2 minute time limit.

There were four double-figure shooters: Dan J. Grothouse, Stan Kill, John Thitoff, and Jeff Minnig. Dan J. Grothouse was also our top free throw shooter and top rebounder.

FRESHMAN BASKETBALL TEAM AND CHEERLEADERS: FIRST ROW: Mary Nartker, Regina Elwer, Robin Obermeyer, Lenny Klaus, Phil Beckmann, Don Alt, Stephanie Kaskel, Valerie Staup, Barb Bonifas. THIRD ROW: Managers Pat Murray and Dan Pothast, Mike Shumaker, Jeff Kimmet, Don Calvelage, John Gerdeman, Tim Suever.

This year's Freshman team was a pleasant problem, according to Coach Minning. The reason for such a statement is due to the fact that all 16 members have the potential to play varsity ball someday.

In the beginning of the season the team set three goals for the year. As the season came to a close they had accomplished two of those goals by winning the Lima Metropolitan League and Tournament. One of their goals went down the drain as they could no longer have an undefeated season.

The season's highlights were earned by Don Alt who scored 36 points against Defiance. He also was the top free throw shooter. A pass made by Phil Beckmann to Kenny Carder allowed a layup for their first tournament win. There were three top rebounders: Ken Honigford, John Gerdeman, and Don Burgei. The hustling of Jeff Kimmet helped them to acquire a 14-2 record.

After hearing some of Coach Marvin's comments on the wrestling team, we couldn't agree with him more, for he said that this was a great year for our team. One in which we participated in: The Catholic Invitational, The Western Buckeye League Meet, The Sectional and The District. We set some goals for ourselves and we reached most of them, we scored 494 team points and compiled a 8-4 record. Individually we had some disappointments; Dick Hanf was lost to the team while he was leading in all catagories. Wayne Suever was put out of the sectional competition with a dislocated elbow. Three men went to the district, and they were: Frank Sanchez, Ron Wegesin, and Gary Suever. It was a good year for our matmen and congratulations to them.

The 1970 Blue Jay baseball team had a somewhat disappointing season. Our 4-7 record however doesn't indicate the invaluable experience gained by the younger members of the squad.

Coach Besso has high praise for his outgoing seniors who were led by co-captains. Terry Fetzter and Dave Alt. Terry Fetzter along with Billy Carpenter provided the power for the seniors. Other seniors setting action were Rod Moorman, Dick Rekart and Gordy Fuerst.

The most encouraging results of last year's team was the play of our underclassmen. Junior starter Chuck Spieles, and sophomores Mike Hedrick, Ron Brickner, and Larry Klaus indicate a strong returning squad. Added support will be coming from Denny Honigford, Wayne Suever, Dave and Steve Rabe, and Dave Ostendorf. All in all, 1971 looks like a good year for the Blue Jays.

A victory, according to Coach Bruce Besso, over Spencerville in our opening game heightened our hopes for a good season. However, injuries and outside interests reduced our squad to eleven players near the middle of the season.

Six seniors, four sophomores, and one freshman found themselves in the supporting position of our team. Some of the outstanding ball plays throughout the year were the 50 bases which were stolen, sophomore Dave Rose's grand slam homerun, and the team victory over Ottoville. Chuck Spieles hit .457 and fielded 1.000 to win both the batting and fielder's crown.

Next year looks to be an exciting one with a strong infield, Mike Hedrick on the mound, and Tom Grothouse in the outfield. With all of this, we should do well in the Western Buckeye League.

Watching the play being made is our baseball coach, Mr. Besso.

The 1971 Golf Team was quite a success. Our players formed such a team that we finished third in the Defiance Sectional Tournament, sixth in the Findlay District Tournament and third in the Western Buckeye Tourney. Also, to add to a marvelous season, we finished first in the Saturday Morning High School League and Tournament with Delphos Jefferson and Fort Jennings.

Dave Wittler, Steve Kill, Mike Staup, Dave Miller and Coach Fran Voll. Golf's first string went to Sectional, District, and Western Buckeye League tournaments. At district they placed 6th out of nine teams.

Dave Wittler is in swinging position preparing for tee off.

Measuring for a putt is Dave Miller.

Intramural Basketball -

THE INTRAMURAL BOARD: FIRST ROW: Polly Weber, Denise Spieles, Sue Shenk, Steve Honigford, Mike Grubenhoff. ROW TWO: Diane Fischer, Annette Ditto, Diane Ricker, Deb Youngpeter, Kim Bushor, Marcey Miller, Celeste Metzner, Jim Brown, Kevin Calvelage. ROW THREE: Margie Gerdemann, Doris Hasenkamp, Cindy Brandehoff, Ann German, Nick Schmit, Tom Rekart, Mike Jettinghoff. ROW FOUR: Mike Ditto, Mike Murray, Gene Schwinnen. Leading up the tree are: Maureen Kaskel and Daniel Meyers.

Intramurals are those sports played within the school, between the classes themselves. The games are set up with girls vs. girls, and boys vs. boys; freshmen against sophomores, and juniors against seniors.

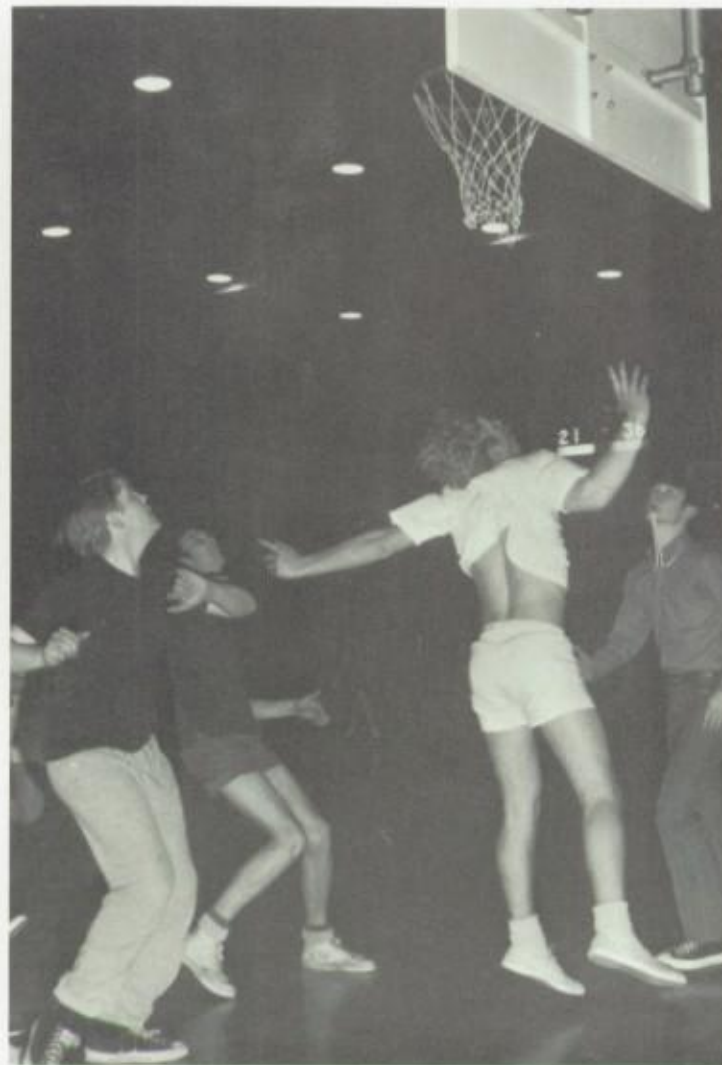

The intramural board was created to coordinate these activities. The board consists of two representatives from each homeroom. This years board centered itself around intramural basketball. Some of the main topics of interest of this years meetings were possible sports to be added to the curriculum, and further development of spring and winter sports.

Intramurals provide the students with fun and competition. It proved to be a successful and rewarding endeavor for all concerned.

Fun for everyone

Referee Carol Honigford gets ready to blow her whistle as she sees a foul.

Rog Fischer waits to see if the ball is going in or out of the basket.

BELOW: Don Beckmann soars down the floor to see if he can make two points.

BELOW: Jackie Laudick reaches for the ball to keep it from her opponent, Margaret Fisher.

Intramural Sports —

Referee Chuck Spieles steps back as two intramural basketball players jump for the ball.

Rog Fisher is deciding which way he should go to make a good lay-up.

Seen are two staticians for the girls intramural., Marian Metzner and Mr. Adams.

Rog Fisher, a senior, watches as a teammate blocks their opponent.

lesson in good sportsmanship

Junior Mike Suever accidentally fouls as he grabs for the already possessed ball.

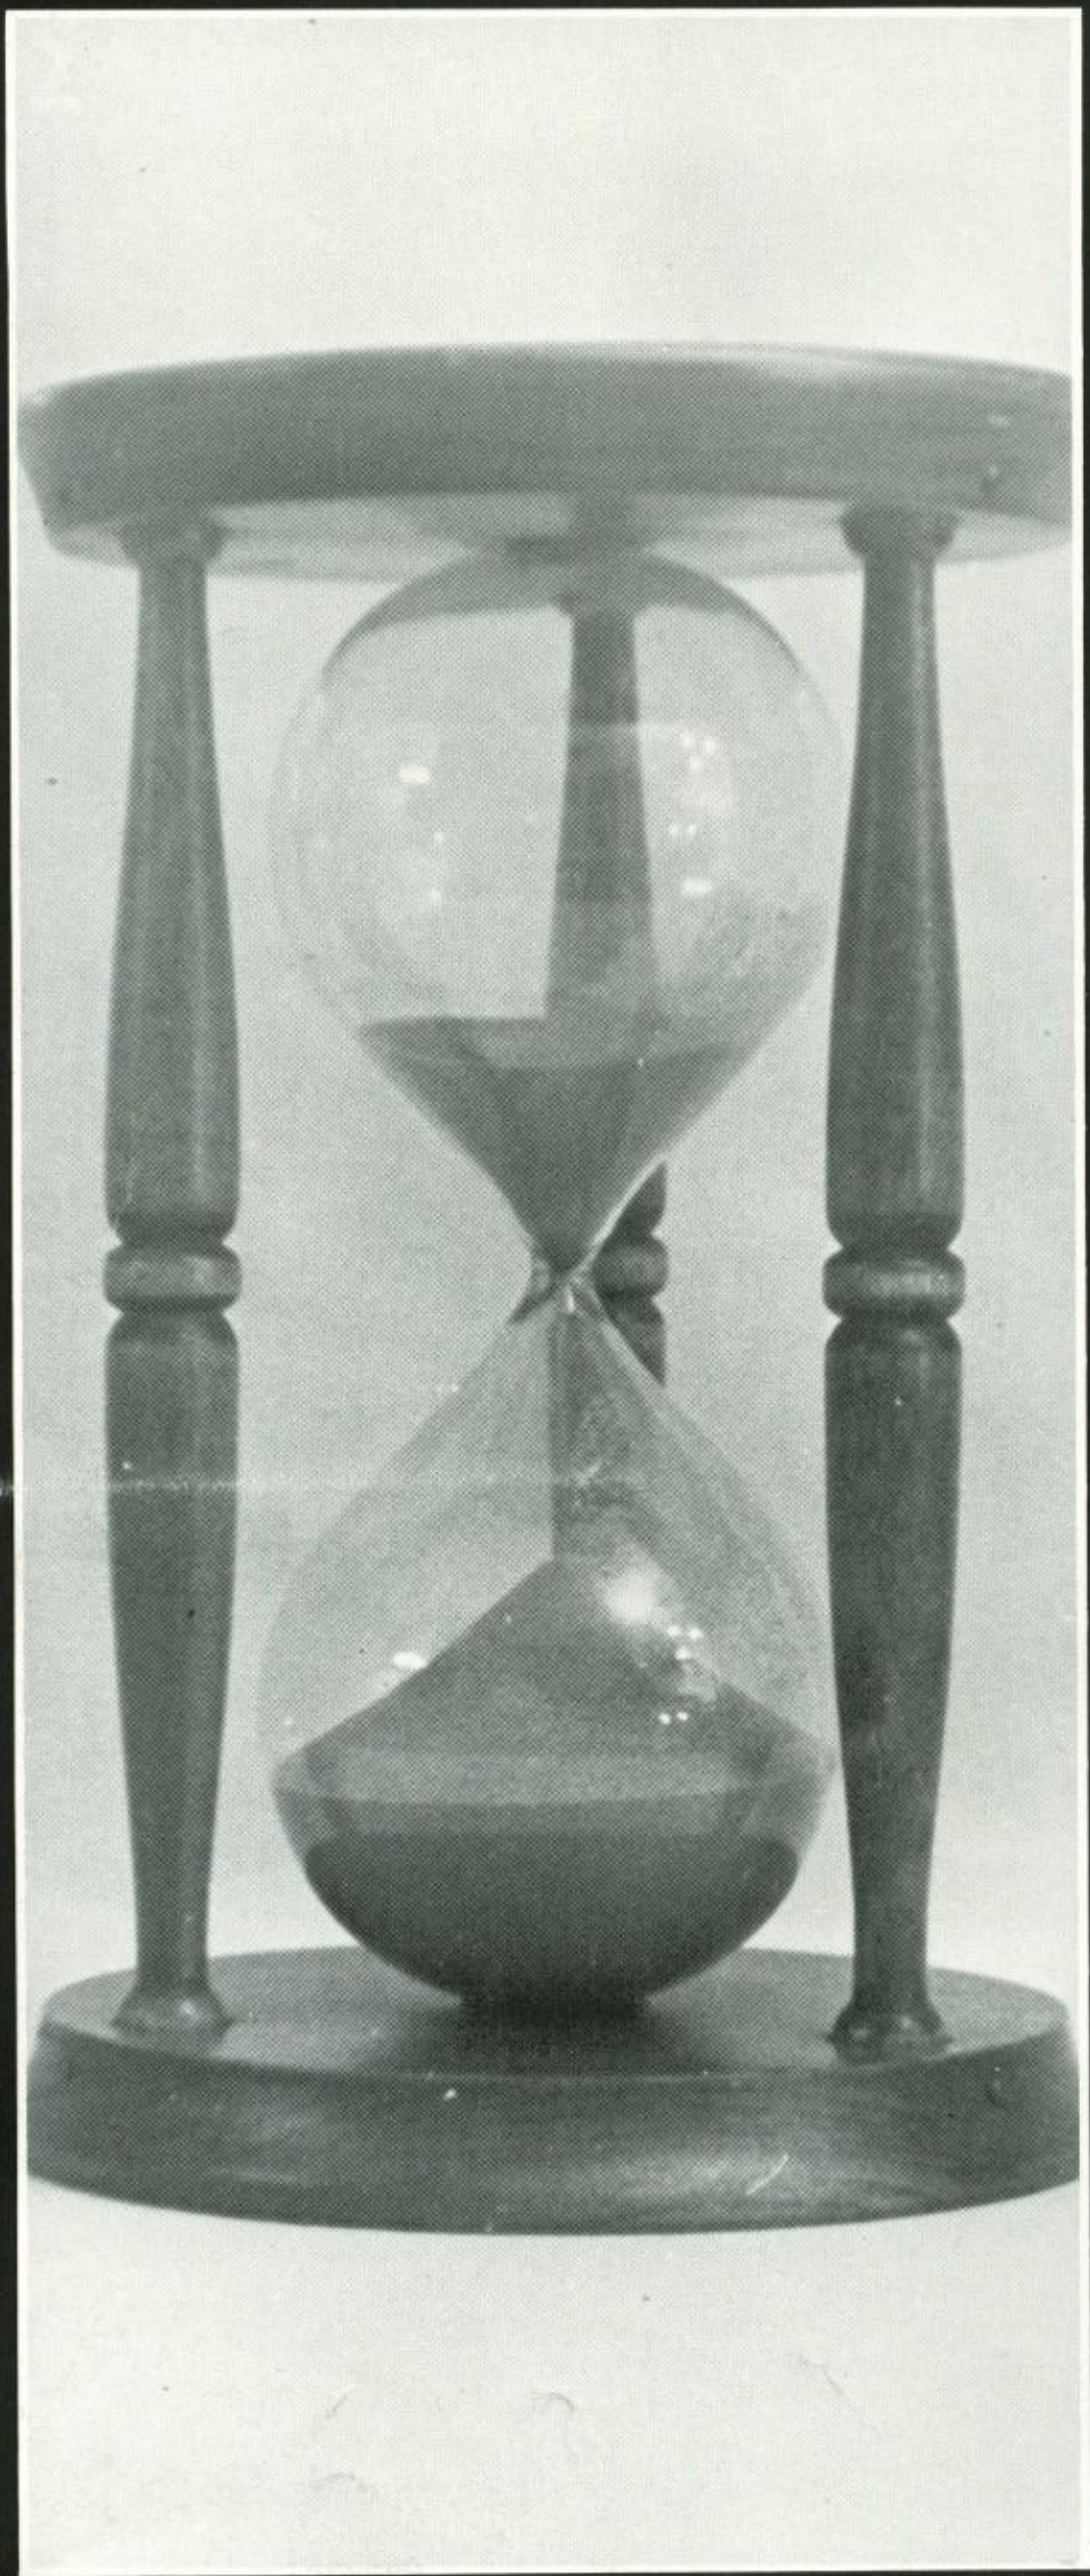

Fighting for the ball in a jump is Martha Shenk and Cheryl Hessling.

Dale Weber makes a one-handed shot as his opponent attempts to block it.

Charles Lehmkuhle, Mark Gerdemann, and Don Ardner ignore an outburst by Peter Imber.

Day after day, year after year, we grow up here. It involves a lot more than just learning. It has something to do with living and being "involved." Day by day this change happens in us; and little by little we come to realize this. My, how time flies.

What next . . .

From the very beginning to now — the very end, we have come to know and love the people here, to appreciate what they've done for us, and to know that they are forever our friends. The time has come now to say thank-you and good-bye. We only wish we knew the right words.

Seniors Set the Pace . . .

Senior year . . . Each and every one of us has expressed the same idea - how did we ever make it?

Ladies and gentlemen, we would like to introduce to you our seniors - the ones who made it.

After twelve full years of studying, socializing and just trying to remain an individual, they made it.

Our seniors are individuals, each and everyone of them. Some may act a little alike, but they're all different from the days of their births to the expressions of their faces when these pictures were taken.

Ladies and Gentlemen,

Unity to the End . . .

United we have been for twelve years now. It's sad to think that this could be the last time we'll ever be together like this again.

We're not quitters though, we'll accept any challenge thrown at us. The world is ours - just for the asking. All we have to say now is ...

Hello World,

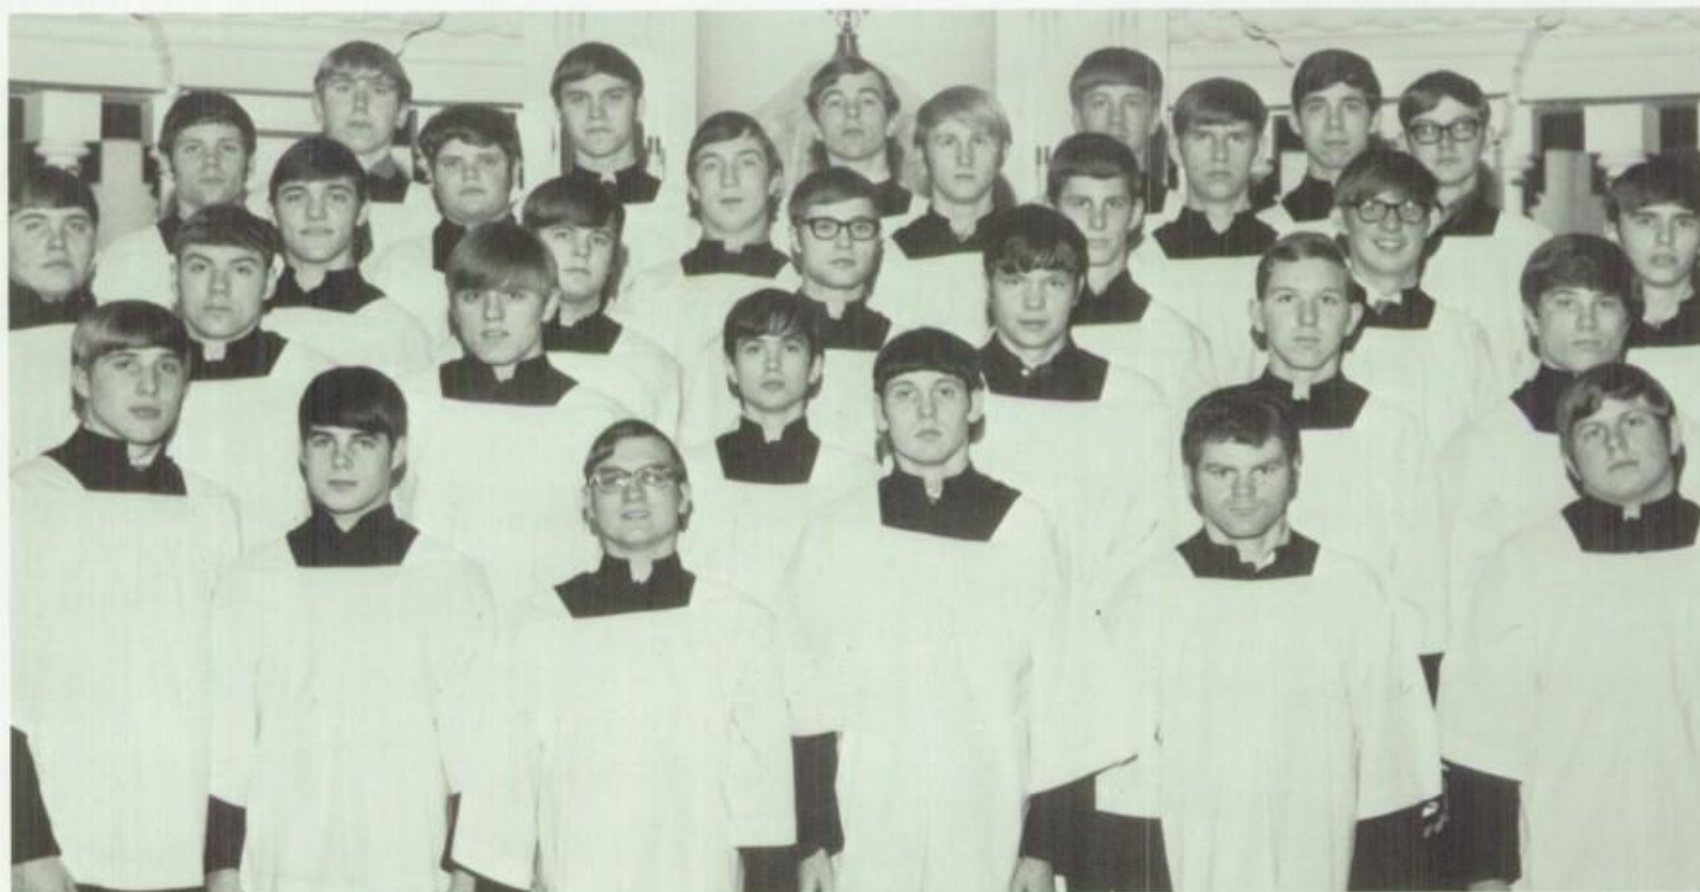

Good-Bye St. John's

In Memoriam

William
Lee
Buettner
February 1, 1953
to
August 9, 1969

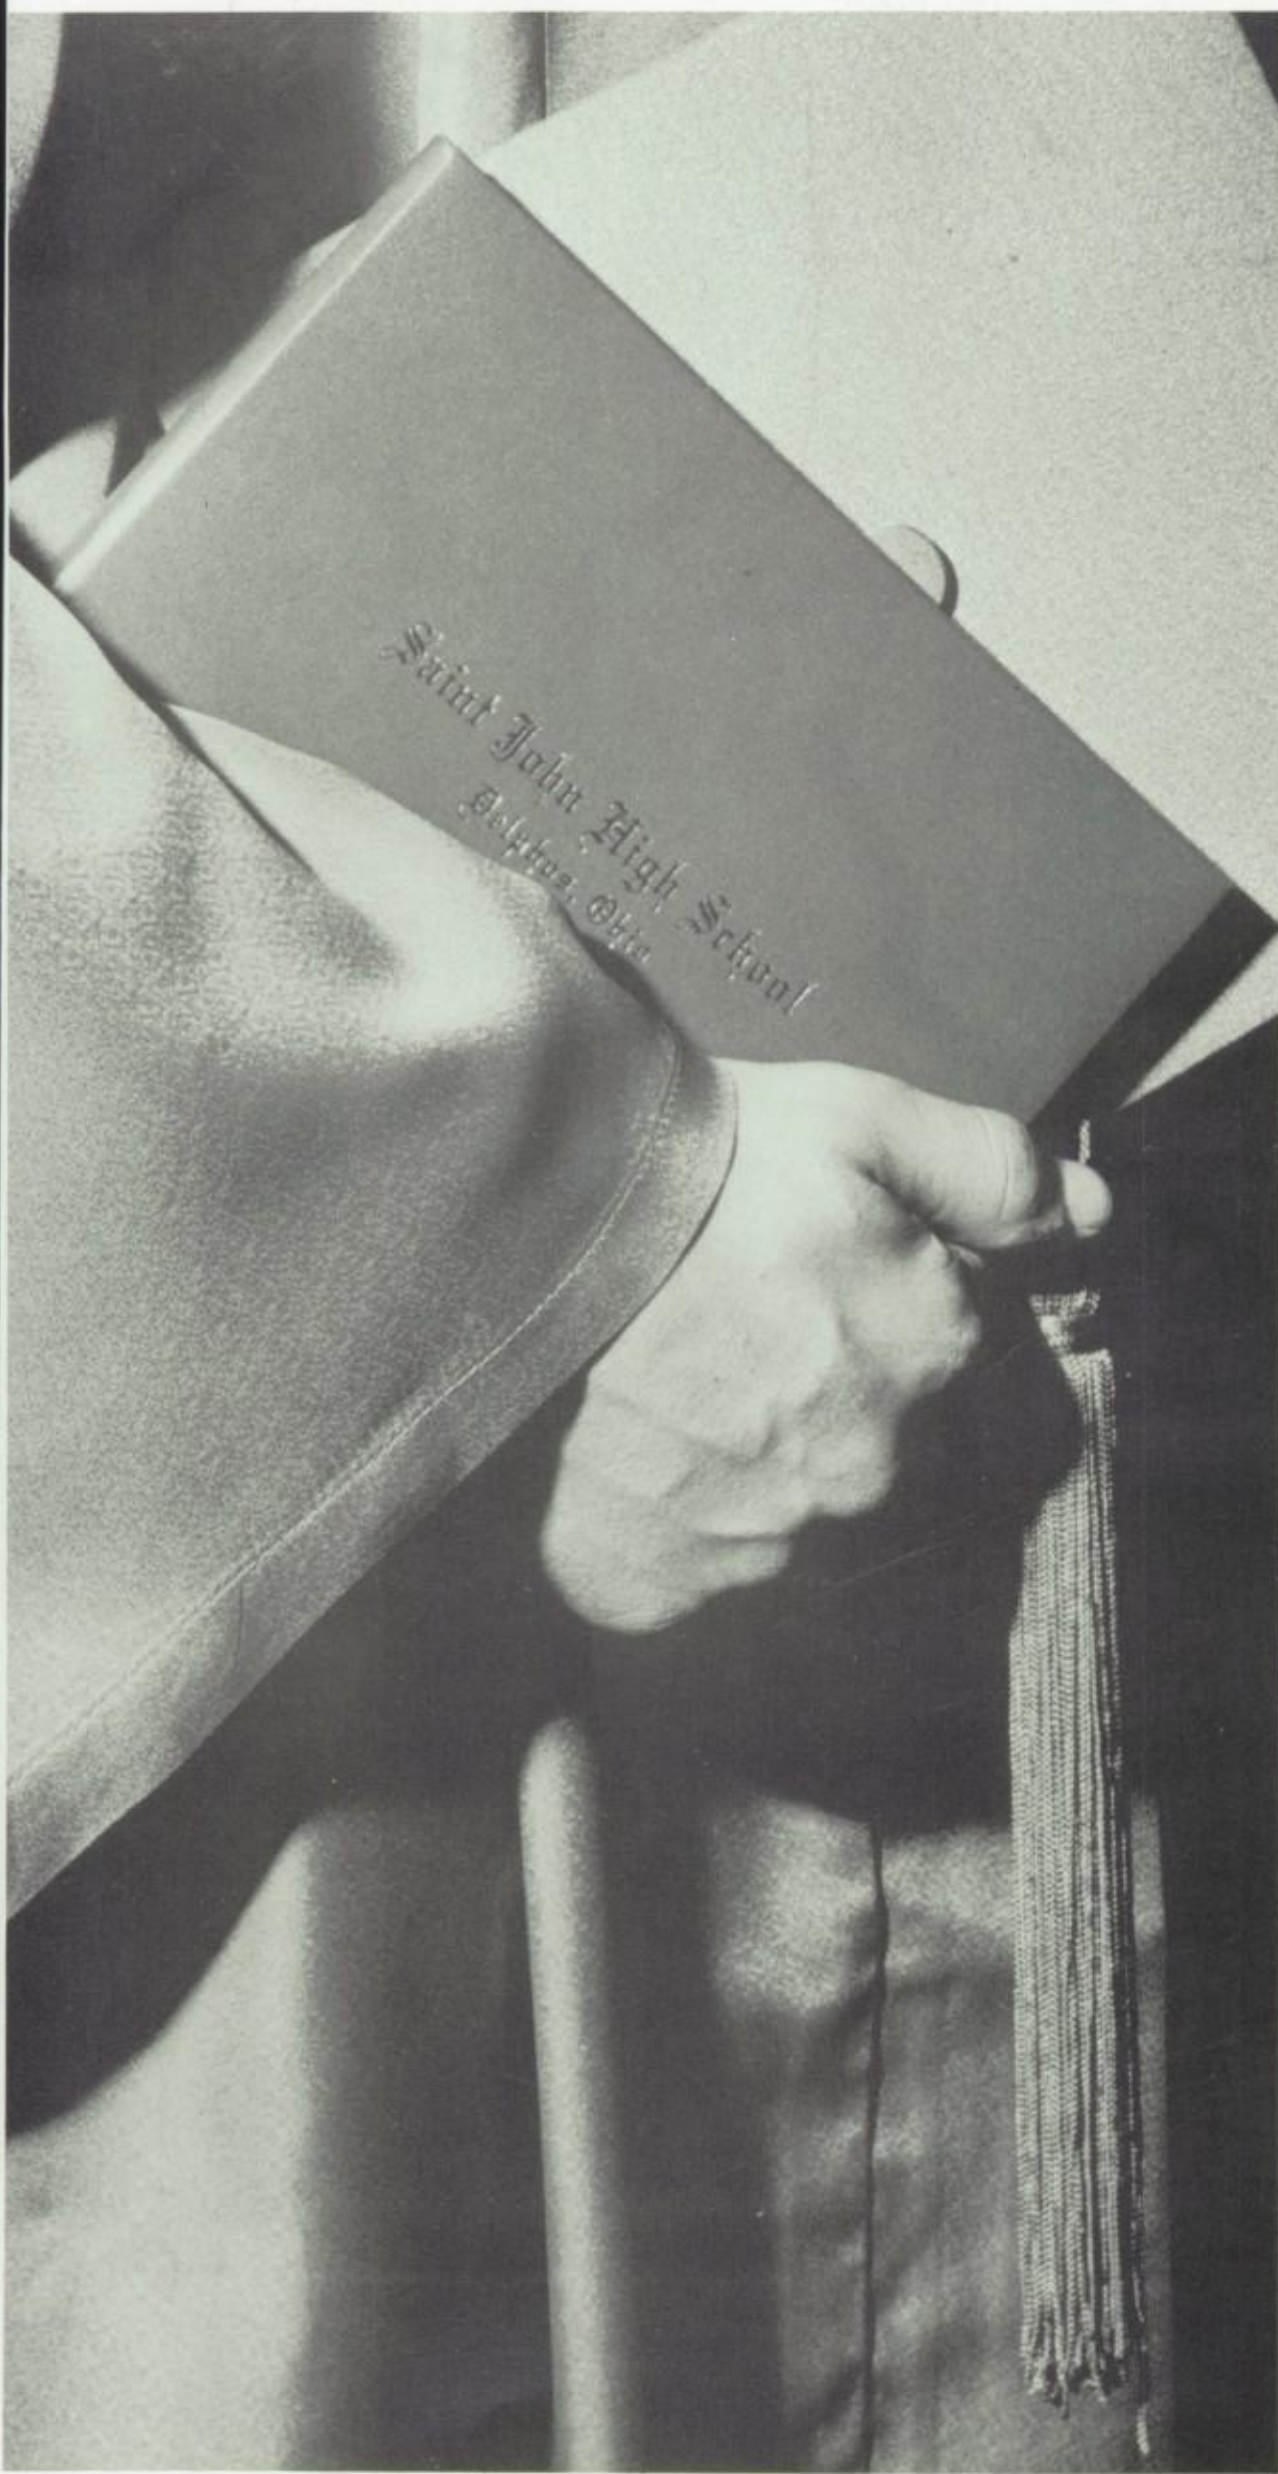

All through time, human emotions and feelings stay the same.
The way of expressing them is all that changes.
Each new generation and each new person has a unique way of expressing, being their own person.
There will always be laughing living loving singing crying and dying.
There will never be another four years like '67-'71.

Yesterday. Today. Tomorrow . . .

In the years to come, when people open this book, I hope they see and remember 1971 as thoroughly and accurately as we have presented it. Time can never be captured in its true sense, but we have presented it as it was, not as we wanted it.

Crest 1971 found an entire new format - a new editor, advisor, and staff; along with more pages and more activities, all resulting in the biggest and best Crest ever.

As editor of the 1971 Crest, there are a few people to whom I would like to express my deepest thanks.

To the administration, especially Mr. Adams. This year was a new experience for both of us. Thank you for letting me create and expand.

To the faculty. Your cooperation and support did not go unnoticed.

To Jerry Barber. As Taylor Company representative, you were always there when needed. Your understanding and guidance helped on many occasions.

To the photographers - Joe, Mike and Mike; Kauffman Studio, The Delphos Herald, Charles Ashby, Carl Wilkerson, Mr. Nulty, and Hoverman Studio. Pictures make a yearbook and you more than adequately filled mine.

To the rest of my staff. I apologize for my lack of organization and a thank you for pulling through that cannot be expressed in words.

To Bonnie Wilkerson. You stepped in when all seemed lost and pulled us together. I only wish you could have been there from the beginning. Thank you just doesn't seem enough.

Being an editor isn't an easy job, as I found out this year. It is an experience I shall never forget. But time goes on and so do the editors. I only hope that all future editors carry on tradition and produce something they can be proud of. I have, and my job is done.

Kathi Metzger, Editor
